## Take Action Sheet

### 50501 Movement

<https://www.fiftyfifty.one>

The first #50501 protests were a decentralized rapid response to the anti-democratic and illegal actions of the Trump administration and its plutocratic allies. The idea—50 protests in 50 states on 1 day—was born on r/50501 and spread rapidly on social media. The movement has mobilized millions of people and brought together a growing network of organizers and organizations, both new and established. Our movement shows the world that the American working class will not sit idly by as plutocrats rip apart their democratic institutions and civil liberties while undermining the rule of law.
