

BEACHES

By C.E. Warner 10-29-21

Beaches are awesome, beautiful places.

So many differences for everyone.

Crowds full of happy, sunburnt faces.

Ocean waves cannot be out done.

Bikini clad girls playing volleyball,

and the men watching bikini clad girls.

Amateur musicians in music hall.

Expensive knick-knack shops, banners swirls.

Surfers and swimmers enjoying big wave.

I watch from land; sharks in the waters live.

Shark and I have deal on how to behave.

I stay out of his home, same deal he'll give.

So much activity on beach to see,

fun to watch how crazy people will be.
