

FORGIVENESS

By C.E. Warner 10-4-2021

All actions fall on society's scale.

Included, everyone's words, decisions.

Judgement demands follow each last detail.

History will allow no revisions.

Wounds imposed by others are external.

Our mind has powerful protective shield.

Pains allowed to reside are eternal.

Self-worth provides barrier for soul healed.

Far greater threat is damage self-imposed.

Hardest landing mistakes perceived are own.

Inner conscience always stands unopposed.

Final understanding comes from self alone.

Outer peace comes with forgiving other.

Forgive self and inner peace discover.
