Master Planning Committee

Preliminary Considerations

- Evaluation of all current land and buildings as related to FLFD mission and operations
- Repairs and updates to the Annex (old fire station) building
- Repurposing and furnishing of the Annex interior
- Potential partner users of Annex space (e.g., US Post Office)
- Storage facilities/sheds
- Parking
- Signage
- Snow removal and excess storage
- Drainage
- Landscaping and beautification
- Communication structures: towers and antennas, including possible leased space
- Future upgrades for new fire station
- Long term plans for crew quarters and equipment space
- West side of the property (public gathering/picnic area, added parking, future storage structures, etc.)
