12 ADJOURNMENT

The Board and Chief Rodriguez have concluded that enough progress has been made in controlling the pandemic that we now feel it is safe, while still maintaining CDC recommended safety protocols, to reopen the station and to resume holding in person meetings. We began that process with the May 15, 2021, board meeting, and will continue until further notice. Of course, your safety and that of our Board, staff and firefighters are of the greatest importance. We may take temperatures and may employ socially distanced seating as appropriate.
