

INSTALLATION ENGINEER (AIR CONDITIONING)

We are looking for an experienced Air Conditioning Installation Engineer.

The Company

We are a well established air conditioning company based in Farnborough, Hampshire. Established in 2002, Cad Air Conditioning have an excellent client base in the South of England. Offering air conditioning services on systems such as splits, VRV's & VRF's systems. Our customer base is both Commercial and Residential.

The Role

You will be expected to carry out installations, services, fault-finding and repairs on all types of Air Conditioning systems which include, VRVs, VRFs, splits and multi splits. Working at various sites within the residential and commercial industry. The experienced Air Conditioning Engineer will also have a Trainee Engineer working alongside them.

What you'll need

- FGas City & Guilds (2079)
- Extensive experience with the Installation, Servicing, maintenance and fault finding on A/C systems such as VRV's, VRFs and splits.
- CSCS is essential.
- Minimum 5 years experience needed in the industry.
- Full, clean driving licence required.
- Asbestos Awareness preferably but not essential.

What we offer:

- Depending on experience/qualifications, we offer competitive Salary of £35,000 - £50,000 p.a.
- 28 days Holiday (inc. BH)
- Private Health Cover (after probation period)
- Life Insurance (after probation period)
- Company Van
- Mobile Phone
- Company Uniform
- Long Service Days (after qualifying period)

No Agencies please.

You must be eligible to work in the UK.
