

MAINTENANCE & SERVICE ENGINEER (AIR CONDITIONING)

Due to expansion, we require an experienced Air Conditioning Maintenance & Service Engineer.

The Role

You will be expected to carry out repairs, maintenance and call outs on all types of Air Conditioning systems which include, VRVs, VRFs, splits and multi splits. Working at various sites within the residential and commercial industry.

The experienced Air Conditioning Service Engineer may also have a Trainee working alongside them.

What you'll need

- Extensive knowledge & experience with the servicing, maintenance and fault finding on A/C systems such as VRV's, VRFs and splits.
- 2079 Safe Handling of Refrigerants/F-Gas
- CSCS is essential.
- Minimum 5 years experience needed in the industry.
- Full, clean driving licence required.

The Company

We are a well established air conditioning company based in Farnborough, Hampshire. Offering air conditioning services on systems such as splits, VRV's & VRF's systems. Our customer base is both Commercial and Residential.

What we offer:

- Depending on experience/qualifications, we offer competitive Salary of £35,000 - £50,000 p.a.
- 28 days Holiday (inc. BH)
- Private Health Cover (after probation period)
- Life Insurance (after probation period)
- Company Van
- Mobile Phone
- Company Uniform
- Long Service Days (after qualifying period)

No Agencies please.

You must be eligible to work in the UK.
