

Who We Are

MedAssist is a Chronic Care Management (CCM) Organization designed to connect and coordinate care for Medicare beneficiaries. Built for all levels of care, MedAssist ensures patients have the knowledge they need to access all resources available to them. This provides the ability for them to maintain or improve their overall well being.

Here for You

**EXPERT CARE MANAGEMENT
FOR MEDICARE BENEFICIARIES**

MedAssist

Our Care Managers put you in touch with the latest tools and resources while monitoring overall patient wellness. From transportation to doctor's offices to Home Health Aids and occupational therapy, everything you need to feel in control of your health is at your fingertips.

Care Managers offer benefits to patients in a variety of environments:

RECENT DISCHARGE FROM THE HOSPITAL:

MedAssist will ease your transition by ensuring all recommended services and treatments run smoothly. Your Care Manager might even suggest other forms of treatment beneficial to your recovery.

HOME CARE OR ASSISTED LIVING FACILITY:

Your Care Manager will help with access to resources that could help improve your quality of life, while also ensuring all wellness needs are met.
