CUSTOM WHEELCHAIR SPECIALIST

Customizing comfort for you.

MedEquipped provides custom wheelchairs built for a variety of diagnoses and limitations. Our team will help you navigate funding sources and paperwork requirements to receive your chair as quickly as possible. From initial evaluation to final delivery, we offer a seamless and personalized process for every customer.

Regain your independence.

Are you sliding in your chair or having difficulty transferring on and off?
Does your current chair require frequent positioning to relieve the pressure?

We can help.

The right wheelchair makes all the difference:

- ✓ Relieve pressure and swelling with powered seating
- ✓ Propel effortlessly with an ultra-lightweight frame
- ✓ Reduce sliding with tilt recline

OUR CUSTOM CHAIRS

INDEPENDENT POWER WHEELCHAIR

Regain your ability to maneuver inside your home without being dependent on others.

POWER TILT RECLINE WHEELCHAIR

A fully powered seating system which can help change position to alleviate pressure, tone, swelling, and increase seating tolerance.

ULTRA LIGHTWEIGHT WHEELCHAIR

The easiest way to propel yourself without overexertion.

WHY CHOOSE MEDEQUIPPED?

EXPERIENCED STAFF

We make the process hassle-free by walking you through all paperwork needed to acquire funding.

QUICK TURNAROUND

Most companies require six months or more to complete your request. We process our chairs in 30-60 days.

PREMIUM PRODUCTS

Every MedEquipped wheelchair is custom ordered to the patient's exact specifications for maximum comfort and maneuverability.
