CAPABILITIES STATEMENT - WATER TREATMENT

Kaplan Solutions, Inc. (KSI), SB#1529420, is a Sacramento-based small business with over 25 years of expertise in the water treatment industry. For the past 15 years, KSI has been a reliable supplier of bulk orders to numerous state Agencies and other public and private sector entities. Our customers include: the Department of Water Resources, Water Resources Control Board, Water Treatment Operations at DGS, CalVet, Caltrans, Departments of Corrections, State Hospitals, Fish and Wildlife, Food and Agriculture, and many other State Agencies. Additionally, we serve the CSU System and private sector water treatment operations.

As your trusted partner, we provide water treatment chemicals and equipment for bulk applications, including potable water, wastewater, and pools. We also specialize in solutions for boiler treatment, cooling towers, chillers, food service, hospitals, and more. Our environmentally friendly, EPP-compliant products are designed to reduce the impact on human health while offering cost-saving solutions.

Here are some of the products we offer:

Speciality Chemicals from the premier suppliers in the industry for all for boiler, cooling tower, chiller, reverse osmosis, thermal energy, data center, and other demanding applications. Enquire for custom product offering.

Equipment from the premier suppliers in the industry for all water treatment plants and operations.
