Barry was moved to a rehab facility called Freedom Square several weeks ago.

He was moved to room 108 and his direct line is 727-398-0108. He is happy to receive any cards and phone calls. He's getting better and thankfully, has retained his witty and dry sense of humor. From what some of the members have said, it's good to call him after supper.

[727-248-0628](#) 694 is the same as Park Blvd. and Gandy Blvd. Gandy Blvd. is the easiest exit off 275 to get to Seminole which is in Pinellas County. It is not in St. Petersburg which is another city in Pinellas County. Would take you about an hour to get there from the south end of the Skyway Bridge.

His girlfriend Kathy visits him every day, his daughter several times a week but he could use more visits. Both Bill Rich and Roy Krueger have been to see him. He's still very weak after being bedridden for so long but hopefully with rehab, will get stronger soon.
