LOT 63 Woirhaye Ranch

Ryan Woirhaye
2952 Old Darby Rd. • Darby, MT 59829

- 9621 impresses with a Calving Interval of 3 calves at 374 days, a Birth Ratio of 95, a Weaning Ratio of 95, and a Yearling Ratio of 97.
- The grandam, K J R Breezy Blackbird 6214 (AAA 18415964), consistently delivers as our first calver, having produced 6 calves at a Calving Interval of 355 days. She is a moderate-framed cow with a long spine, wide base, great udder, excellent foot structure, and remarkable fleshing ability. She has contributed 4 quality females to our program. Her consistent fertility, pleasant demeanor, and predictable calving interval have earned her a well-deserved spot in our donor pen.
