

# Vanity Plate

## **Technical Rider 2026**

### **The Group:**

The group Vanity Plate is comprised of 4 musicians:

Jazmine Schultz: Bass, Vocals

Zach Schultz: Guitar

Zach Mulholland: Guitar

Connor Wentz: Drums

### **The Stage Setup**

We are easy going but prefer to have at least one monitor so Jazmine can hear her vocals, a working mic stand, and no reverb on her vocals. We do not mind playing without drum mics. We do not need to be plugged in direct; though we are amenable in situations where the sound tech prefers it. We do not have banners or any other stage decorations.

### **Sound**

The presenter must provide:

- A sound system with the right power for the venue
- 2 telescopic microphone stands
- A sound technician
- Extension cords and powerstrips
- A merch table/ area

### **The Band Provides**

- Instruments, amps, drum rugs, drums, microphones, mic muffs, guitar pedals
- We are amenable to sharing gear, drummers should provide their own breakables
- We do have the capability to run sound (if this is the expectation we must know ahead of time)
- The band does not provide door people
- The band does run their own merch booth
