

HERB MEDICAL

Consulting

6 Month Patient Update

Once your appointment is complete, you can log into the Mississippi Medical Cannabis Program portal with your e-mail address and password.

After you have logged in, click “Create New Application” on the left side menu. Choose “patient” on the dropdown list and then select the update option and click create application at the bottom of the pop-up window.

Choose your license number from the dropdown menu, and select YES next to “Do you need to update your practitioner certification” and then click Save at the bottom. Review the information for accuracy and then select “save and next”.

VIEW AVAILABLE CERTIFICATIONS

Click **VIEW AVAILABLE CERTIFICATIONS** and choose the one with the corresponding date and Lisa King and then click Update. At the bottom of the page select “Save and Next”. Scroll to the bottom of the Questions and Attestations page and type your name and select today's date. Then click Save and Next at the bottom. Review the final page for errors and then click Submit at the bottom.

The Mississippi Department of Health has ten (10) days to process your request. They will e-mail you when your application processing is complete. You will then be able to log in and reprint your card.
