Chicken Litter

Opheim Seed & Chemical has chicken litter available again this year. As in previous years I will broker the chicken litter to customers and Farm Nutrients will be responsible for application of the product. The analysis looks really good this year. As in previous years, Farm Nutrients will apply the litter on a first-come-first-serve basis as they move across the regions of their territory. Give me a call with any questions or to book your litter.

Soybean Special

The products and pricing have been set for our Soybean Special. Our lineup includes a large selection of varieties and platforms, including RR2, RR2 Extend, and Liberty Link. Make sure to contact Jason or Casey soon to discuss your soybean needs and take advantage of our aggressive early order pricing.

Winter Getaway: Jamaica

We have had many new faces sign up for a great week of fun, sun, and relaxation in Montego Bay, Jamaica since our 20th anniversary celebration. With that said, we still have some availability for others to join us from January 17-22 at the all-inclusive Hilton Rose Hall Resort, located on the longest white sand beach in Jamaica. You can get a registration/information packet from our website by going to "EVENTS" and selecting "TRAVEL" and then clicking on the "JAMAICA 2019" packet. Print out the packet and send or drop off the registration form to Jason. We look forward to seeing you there!
