

Opheim Seed & Chemical 2022 Winter Getaway January 25 – January 30, 2022

Let's face it, after the year we've had we all deserve a **VACATION!!** We're extra excited to invite you to join us at the Riviera Maya, on this year's winter trip with Opheim Seed & Chemical! Break free from being cooped up in quarantine and sink your toes in the sand as you catch up with old friends, and maybe meet some new ones! Riviera Maya, offers beautiful beaches and Caribbean waters. The Dreams Natura Resort & Spa will not disappoint with its 9 restaurants and 6 bars. This all-inclusive resort has unlimited recreational activities and comes highly recommended by Joni, with Summit Planners. She's already had two groups there this year.

We'll start our trip off at the Des Moines International Airport. As always, we have a park-and-fly option out of Des Moines for those who are interested in staying the night before (see the next page for details).

Once in Riviera Maya, we have only a short, 10 minute drive to our resort. A welcome reception is planned for our first evening, sponsored by Jason and Darla Opheim. The rest of the trip is yours to enjoy as you please, whether it be relaxing on the beach, or lining up an excursion, or two, at the Opheim Seed & Chemical hospitality desk. Please look to the next page for a more detailed schedule for the week.

Our farewell dinner will take place at the Garden, inside our resort, with a cocktail reception beforehand. This final evening will be sponsored by Jason and Darla Opheim.

We hope this finds you excited to travel with us, once again, after being forced to take a year off due to Covid. We are offering limited spots this year (we have room for 50 people, or 25 rooms), so please book early if you are wanting a spot. Several people have already committed. If you are concerned about committing, in the case that Covid fires up again, I can assure you there is a good group cancellation policy. Also, free trips will be given out again this year at the seed day, so be sure to attend! We are very thankful to be able to offer our annual trip this year and we hope you will join us!

The Riviera Maya, located on the eastern point of the Yucatan peninsula is a collection of independent communities that make up a tourist destination unlike any other on earth. The most beautiful sea in the world, the Caribbean, extends across the horizon and its incredible turquoise waters caress the shining white sand along an impressive stretch of beach. The waters of the Caribbean lie calmly and peacefully here under the brilliance of an awakening sky. The Riviera Maya's craggy limestone shore mixes long

stretches of sugar-white, palm-fringed beaches with grottos and tropical coves. The world's second longest barrier reef lies just offshore, while underground rivers, or *cenotes*, caves and jungles lure adventure-lovers. Exotic animal life inhabits the areas scrub rain forests, affording visitors nature-bound excursions as well. Eco-adventure attractions showcase the region's unique ecology. The region features the action of adventure sports including kayaking, scuba diving, snorkeling and deep-sea fishing, the temptations of shopping, the delights of gourmet dining and proximity to many of Mexico's most significant Mayan archeological sites. Whatever your interests may be, Riviera Maya is certain to offer a memorable vacation experience.
