Discount Lock Requirements: Current Customer: Order ≥ 85% prior year acres and pay for the order in-full, less applicable discounts. New Customer: Order ≥ 15 acres and pay for the order in-full, less applicable discounts.

- Customer's discount lock percentage is based on the discount period in which the above qualifications are met and the payment method.
- For current customers, the 85% of prior year acre threshold will be calculated based on the most recent year that the current customer had net sales in the past two years.
- If the customer meets the qualifications of one of the above prepay discount locks, they will receive that discount on their net purchases. If the customer does not maintain the requirements of the lock through account settlement, they will default to the 7% base discount on their net purchases.

PROGRAM REQUIREMENTS

With the financed purchase of eligible Channel® brand products by November 15, 2024, grower customer will qualify for Fixed 1.9% APR financing on eligible Bayer Crop Protection Products. After November 15, 2024, grower customer will qualify for Fixed 2.9% APR* financing on eligible Bayer Crop Protection Products.

- Programs are available through John Deere Financial OR Rabo AgriFinance. Promotional transactions are subject to John Deere Financial and/or Rabo AgriFinance approval and retailer participation.
- Eligible products include all Bayer Seed & Crop Protection listed on the next page.
- \$2,500 Minimum Purchase/Finance amount required for all eligible Bayer seed products. Farmer payment due date for financing programs is November 2025.

1 Any payment received will first be applied to the prior season's outstanding balance before 1st Down and/or Prepay discounts are calculated and applied for the current season. | To receive a Prepay Discount, payments mailed to Lockbox must be received by the published deadline. All other methods of payment must be processed before 3:59 p.m. CST on the day of the published deadline. Please allow 3-5 business days for your transaction to process. Combine Channel® Club, 1st Down, and Prepay for the best possible discount. | If a current customer's net sales acres fall below 85% of prior year net sales acres or a new customer's net sales acres fall below the 15 acre minimum, then the Prepay discount lock percentage will default back to the 7% base discount. The customer's previous discount is no longer applicable. | Customer can break the order and payment into multiple pay periods; however, the program will not lock applicable discount until the cumulative sum hits 85% of prior year acres for current customers or 15 acres for new customers on order and paid in full less discounts by the specified deadline period. | If a customer uses a mix of payment methods to reach the discount lock, the discount will default to the lowest discount percentage for the Prepay program. | A customer can participate in Cash, financing through John Deere Financial, Rabo AgriFinance, and Harvest Plan programs, but not on the same unit of seed/dollar. However, a customer can participate in both 1st Down and Early Cash on the same unit of seed/dollar. | Qualifying products include Channel® brand corn, Channel® brand soybeans and other authorized corn and soybean products net sales units, which are calculated after returns, replants, transfers, recalled, and/or free seed. Sorghum units count towards net sales acres to qualify growers for the Channel® Club and Prepay programs; however, the discounts for Channel® Club, 1st Down, and Prepay do not apply to Sorghum units. | Total of all discounts cannot exceed net sales. | See disclaimers on pages 2 and 3 for complete details.

*Non-Bayer seed brands qualify for 2.9% APR financing on eligible Bayer Crop Protection Products.

BAYER CROP PROTECTION PROGRAM TERMS

Market Year 2025 is defined as 9/1/2024 - 8/31/2025.

Growers have the following two options to choose from for financing:

2 Offer valid on qualifying purchases made September 01, 2024 through August 31, 2025. Offer limited to Multi-Use Account Agricultural customers with an available Special Terms limit. Subject to the Multi-Use Account credit agreement and approval. Fixed 1.9% APR from the date of purchase, which may be prior to delivery, until November 2025, when the entire transaction amount and accrued interest are due in full. Regular Multi-Use Account rates will apply after that date. Offer is subject to change without prior notice. Changes to offer will not impact previously posted transactions. Offer may be limited to qualifying products and minimum purchase requirements. Subject to merchant participation, see your local merchant for complete details. Multi-Use Accounts are a service of John Deere Financial, f.s.b.

3 Offer valid on qualifying purchases made September 01, 2024 through August 31, 2025. Offer limited to Multi-Use Account Agricultural customers with an available Special Terms limit. Subject to the Multi-Use Account credit agreement and approval. Fixed 2.9% APR from the date of purchase, which may be prior to delivery, until November 2025, when the entire transaction amount and accrued interest are due in full. Regular Multi-Use Account rates will apply after that date. Offer is subject to change without prior notice. Changes to offer will not impact previously posted transactions. Offer may be limited to qualifying products and minimum purchase requirements. Subject to merchant participation, see your local merchant for complete details. Multi-Use Accounts are a service of John Deere Financial, f.s.b.

4 Purchases after November 15, 2024 must be made and submitted through Rabo's Dealer Online system by August 31, 2025 in order to qualify for 2.9% interest rate. Interest will be assessed on these transactions from the date of purchase, which may be prior to delivery or receipt of merchandise. Customer Payment Terms: Due in full by November 15, 2025. See Rabo AgriFinance account agreement for full terms and conditions. Subject to Rabo AgriFinance Credit approval, terms and conditions. Rabo AgriFinance

Syngenta Retailers can count on Rabo AgriFinance for crop protection financing solutions.

- Syngenta has partnered with Rabo AgriFinance to offer select retailers an opportunity for your customers to participate in the 2025 Empower Financing Program for Targeted Retailers.
- Qualifying customers can finance eligible Syngenta crop protection products at a **3.9% interest rate*** until **December 15, 2025**.
- In order to take advantage of the 2025 Empower Financing Program, there are a few key steps required to get your business and your customers set up on the program:
 - Your business must be set up as an authorized retailer with Rabo AgriFinance
 - If you are already authorized with Rabo AgriFinance, simply select "Syngenta Crop Protection" for the program when placing transactions on Rabo AgriFinance's dealer online site.
 - If you are not currently set up, start the process by going to **Dealer.RaboAg.com** and register as a "new user".
 - Rabo AgriFinance will contact you to set up your business in their online system.
- If you have any questions, please contact your Rabo AgriFinance Field Representative, Customer Service or your Syngenta Sales Representative.

WORKING WITH RABO:

- For initial registration and to submit transactions against Rabo credit lines visit **Dealer.Raboag.com**
- A farmer's line of credit must be approved and the qualifying transaction submitted for payment to Rabo AgriFinance by the **program dates** outlined here in order to receive the special interest rate

LOYALTY REWARD

EARN AN ADDITIONAL 10% ON YOUR REWARDS

Growers who qualify for Bayer PLUS Rewards can **earn an additional 10% on their rewards dollars** by sending all (or a portion) of their check to a Bayer retailer of their choice. To qualify, growers must meet the \$1,500 rewards minimum and select a dollar amount in the portal redemption screen that is over \$500.

- > The 10% will only be applied to rewards dollars that are elected for the Loyalty Reward within the grower portal and sent to an authorized retailer.
- > Growers must make their selection within the Bayer PLUS Rewards portal between November 1, 2025, and January 31, 2026.
- > 2025 rewards already redeemed prior to November 1, 2025, will not be eligible for the Loyalty Reward.

2025 Program Requirements (9/1/24–8/31/25)

- > All Bayer PLUS earnings are paid upon valid net grower sales (grower sales minus returns and replants).
- > Seed counts as one product in program calculations.
- > Growers can earn incentives on up to five eligible products in the Product Portfolio Incentives.
- > Growers must enroll in the program by the enrollment deadline (August 31, 2025) in order for eligible purchases to count toward the 2025 program.
- > Growers must operate in qualifying geography† and purchase from an authorized retailer between September 1, 2024, and August 31, 2025.
- > Growers must log in to their account to confirm the accuracy of their sales transactions by December 31, 2025. Notify your retailer or Bayer rep prior to this date to correct any errors on account. Bayer reserves the right to reject any changes requested after this date.
- > Redemption requests must exceed \$500. 50% of rewards may be requested starting July 1, 2025, and 100% of rewards may be requested starting November 1, 2025.

Rewards will expire April 30, 2026.

†Growers living in Alaska, California or Hawaii do not qualify for Bayer PLUS Rewards.

In order to qualify for redemption, you must have at least

\$1,500

in Bayer PLUS Rewards.

*What Is a “Matched Acre”?

Bayer PLUS Rewards is designed to reward growers who use multiple products on an acre. There are two (2) incentive categories that utilize “Matched Acres” as part of the rewards calculations:

- Product Portfolio
- Roundup PowerMAX® 3 Herbicide

Earning Rewards Within the Roundup® Brand Agricultural Herbicide

You can think of “Matched Acres” as earning rewards on the acres with both a Product Portfolio herbicide AND Roundup PowerMAX® 3 herbicide on the acre, too. Rewards are calculated based on the number of “Matched Acres” of eligible herbicides to the Roundup Brand Agricultural Herbicide acres. Note that the same Product Portfolio herbicide can be matched for Roundup earnings. Without purchasing a Product Portfolio herbicide, members will NOT earn on Roundup PowerMAX® 3 herbicide purchases.

Visit the Resources section at MyBayerPLUS.com for additional program details, calculator tool, and terms and conditions.

PROGRAM CONDITIONS

- 1) BAYER CROPSCIENCE LP AND ITS AFFILIATES (“BAYER”) RESERVES THE RIGHT TO MODIFY OR WITHDRAW THIS PROGRAM OR ANY PORTION THEREOF WITHOUT PRIOR NOTICE.
- 2) Growers will forfeit rebates if products are resold outside of the Bayer authorized distribution or retail/dealer network. Only products purchased for use on grower owned or leased land is eligible for Bayer PLUS Rewards. Purchases made for use on non-related farming entities cannot be consolidated to increase Bayer PLUS Rewards.
- 3) No commission, incentive, rebate, refund, discount or other promotional payment shall be paid on units of eligible products under market funding programs where the sale is made, in whole or in part, via an online electronic point of sale system unless approved by Bayer in writing.
- 4) Bayer reserves the final decision, in its absolute discretion, on whether purchasers are valid growers.
- 5) Bayer reserves for a period of three (3) years from the 2024 Marketing Year the right to audit compliance with all conditions and provisions of this program or other Bayer offers which includes, but is not limited to, an audit of retailer/dealer’s or grower’s books/records and an inspection of facilities. If retailer/dealer or grower does not have the proper documentation for the three (3) year audit term, Bayer may treat such lack of valid documentation as if the sales were invalid and not properly made and subject to payment of the cost of the audit and forfeiture of program payments.
- 6) Bayer reserves the right to debit future payments due or otherwise seek reimbursement if errors are discovered after payments have been issued.
- 7) Bayer CropScience LP registers its products in the United States in accordance with and to meet U.S. regulatory standards. Such products are sold for labelled uses only and must be used only in accordance with all label instructions. Bayer recognizes that growers and exporting entities can participate in the global export markets for their commodities. However, standard interpretation of those standards and testing procedures can vary significantly from country to country, and are subject to change. As such, while it will strive to assist growers by providing available information, Bayer **cannot guarantee** that meeting U.S. residue or tolerance standards will ensure compliance with maximum residue levels (MRLs) or other standards in place in importing countries. Growers and exporting entities are responsible to educate themselves about export markets and their requirements. If a grower or exporter is concerned about meeting and MRLs for an active ingredient or related metabolite, then testing for residues should be considered as an option to ensure residue levels are compliant with applicable MRL.

Subject to final commercialization decisions, availability of the Preceon™ Smart Corn System is expected for the 2024 growing season. **Product Use Statement:** Enlist E3 soybeans contain the Enlist E3 trait that provides crop safety for use of labeled over-the-top applications of glyphosate, glufosinate, and 2,4-D herbicides featuring Colex-D® technology when applied according to label directions. Following burndown, the only 2,4-D containing herbicide products that may be used with Enlist E3 crops are products that feature Colex-D technology and are expressly labeled for use on Enlist crops. 2,4-D products that do not contain Colex-D technology are not authorized for use in conjunction with Enlist E3 soybeans. **Warning:** Enlist E3 soybeans are tolerant of over-the-top applications of glyphosate, glufosinate, and 2,4-D. Accidental application of incompatible herbicides to this variety could result in total crop loss. When using 2,4-D herbicides, grower agrees to only use 2,4-D products that contain Colex-D technology authorized for use in conjunction with Enlist E3 soybeans. Always read and follow herbicide label directions prior to use.

YOU MUST SIGN A TECHNOLOGY AGREEMENT, READ THE PRODUCT USE GUIDE PRIOR TO PLANTING, AND FOLLOW HERBICIDE RESISTANCE MANAGEMENT (HRM) REQUIREMENTS.

TECHNICAL RECOMMENDATION & Rebate

Adastrio™ fungicide is designed to provide comprehensive defense against a range of foliar diseases, alleviate abiotic stress during grain fill, and safeguard yield potential with long-lasting residual control, ensuring continuous disease protection against late-season threats.

BROAD-SPECTRUM CONTROL: Adastrio fungicide is labeled for use in corn, grain sorghum, wheat, triticale, and barley and controls foliar diseases, including tar spot*, Southern rust, gray leaf spot, Northern corn leaf blight, common rust, and more.

FMC PROGRAM 2025

Purchase Authority Supreme or Edge at 9 oz/ac + Adastrio 8 oz/ac, earn \$2/acre.

Follow all label requirements for timing, use rates, and adjuvants.

The cost of preventing weed resistance is far less than weed resistance management. The most effective proven solutions to manage resistant weeds include:

- Start with a clean field (through the use of tillage or an effective burndown herbicide)
- Use multiple "Effective" modes of action, containing soil residual herbicides at robust rates
- For post emerge products, ensure applications are properly timed and applied to small weeds
- Use application technologies that optimize weed control effectiveness

Program Objective

Promote and incentivize the purchase of Excalia® Fungicide, Perpetuo® Herbicide and Senstar® Insecticide to growers through the Certified Agriculture Dealer vehicle program.

Program Period

October 1, 2024, to September 30, 2025.

Qualifications, Brands & Incentives

To qualify for a brand rebate, growers must:

- Purchase a qualified vehicle from an authorized dealer by September 30, 2025, through the Certified Agriculture Dealer program and register on the AgPack® customer database at www.agtrucktrader.com.
- Within 365 days following the qualified vehicle purchase date:
 - Purchase 50 to 500 acres of any combination of *Excalia*, *Perpetuo* or *Senstar* from an authorized Valent retailer; and
 - Submit the following information on www.valent.com/offers for each qualifying purchase:
 - » Grower name
 - » Farm/operation name
 - » Address
 - » Phone, email
 - » Purchase retail location name
 - » Volume purchased of qualifying brands
 - » Name check should be made out to
 - » Copy of invoice showing proof of purchase
- Earn \$2 per acre up to a maximum of 500 qualified acres of all products combined (\$1,000 max).

Reward Calculations & Payments

If qualified, rebates will be calculated on quantities provided in proof-of-purchase documentation up to the maximum amounts allowed under this offer.

Acres calculations will be based on the following rate per acre for each respective product:

- *Excalia* = 2 fl oz/A
- *Perpetuo* = 6 fl oz/A
- *Senstar* = 15 fl oz/A

Rewards will be paid within 90 days of proof-of-purchase submission.

Geography

All states where AgPack Offer is available and Valent products are registered.

Additional Terms and Conditions

The AgPack offer is valid:

- To the purchaser of a qualified vehicle through a Certified Agriculture Dealer and is not transferable.
- For 365 days from the date of vehicle purchase and will expire on the 366th day after said vehicle purchase.

All purchases of qualified Valent products must be made after the participant has been provided the AgPack offer and prior to the offer expiration.

Valent U.S.A. will verify participants information against the information received from Certified Agriculture Dealership.

Reward calculations will be done at the sole discretion of Valent.
Valent reserves the right to change, audit or terminate the program at any time.
