Baby Louie

"Meet Louie, a charming 13-week-old male Labrador puppy mix from Kentucky with an incredibly friendly nature. His soulful eyes are truly captivating, a striking contrast to his distinctive dark brown and black coat. This sweet boy adores snuggling, showering people with kisses, and cozying up for cuddles. Like any curious puppy, Louie is playful and inquisitive. Potty training is progressing well; while he doesn't yet signal, he understands the outdoor routine. He's also acing crate training, happily sleeping through the night. Louie's adaptable and loving temperament makes him a wonderful fit for most homes, whether they include other pets or children. A truly beautiful and friendly pup inside and out, Louie is waiting for his forever family."
