

## *Lash Aftercare Instructions*

\*Avoid exposure to moisture for the first 24-36 hours (i.e., mascara, makeup, tanning, washing face, steamy showers.)

\*Avoid anything oil based near the eye area (i.e., oil based mascara or waterproof mascara, face creams, oil based cleansers or makeup).

\*Avoid sleeping face on pillow for first 24 hours.

\*Avoid Steam rooms or sauna , extreme heat exposure and exercise to limit sweat going into the eye area and disturbing bond adhesive .

Extensions|Lashes will start to fall after 2-3 weeks or depending upon on your homecare and natural speed of hair growth cycle. A fill will then be necessary if you chose to maintain. Never try to remove professional extensions at home.
