

ABLE TO
WELLBEING

We are a small business, striving to provide cost-effective yet high quality care to NDIS and aged care participants, or anyone needing nursing support. Unlike large providers, we provide a more personal touch to your care, with compassion, understanding and kindness.

Vision:
"We are able to help you achieve your wellness goals"

HOW CAN WE HELP?

1. Nursing Care

We offer nursing care to support your wellbeing needs. Regular reviews assist in ensuring your funding package is suited to your needs. For those with a home care package, our nurses are across the supplements you may be eligible for. Our nursing rate is below the national average and that of other local companies.

We deliver nursing care which includes clinical care such as wounds and PEGs, nursing assessments and care plans, medication management, personal care and health education.

We are also able to assist you to become more independent in tasks that are important to you. we provide support and education in tasks such as banking, study, using a computer and booking appointments.

DID YOU KNOW?

- Falls are the top cause of injury in people aged 65+.
- 33% of adults with a disability experienced high or very high psychological distress compared to 12% of those without a disability.
- Almost 40% of people aged 75+ are dispensed five or more medicines.
- People living with a disability may experience lower rates of social participation and greater risk of loneliness and isolation than those without a disability.

ABLE TO
WELLBEING

2. We will work with all service providers

We will not dictate to you which providers you must use or who we will or will not work with. We will work alongside all providers to ensure you are getting all the services you need to keep you safe in your home or community.

3. Foot Care

Our nurse is trained in basic foot care and can deliver services in your home. Depending on which package you choose, you may opt to include a foot soak and gel application! Our equipment is sterilised using a Class B Autoclave.

Our Vales

Honesty

We believe that honesty is more than just a virtue; it's the bedrock of trust upon which meaningful relationships with our patients, families, and our community are built.

Compassion

Compassion is more than just a feeling; it's a profound commitment to understanding, empathy, and unwavering support for those we serve.

Excellence

We are committed to exceeding ordinary standards and consistently striving for the highest levels of quality, professionalism, and innovation in everything we do.

Authenticity

We operate with integrity, ensuring transparency and accountability in every interaction. Authenticity guides us to approach each interaction with honesty, transparency and empathy.

Collaboration

Collaboration means fostering open communication, respecting diverse perspectives, and actively engaging everyone involved in the care process. Through collaboration, we build stronger relationships.

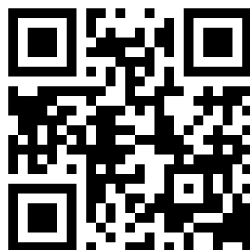

Respect

Respect is the foundation of our care philosophy. We deeply honour the dignity, autonomy, and individuality of each client we serve. We recognise the importance of creating a safe and supportive environment.
