

NewEraSeal™ Fortify Sealer

NewEraSOS™ has successfully combined two emerging technologies to address multiple problems of surface protection against corrosion, soil adhesion, atmospheric fouling, abrasion, static, and UV degradation with “liquid glass” penetrating sealing. Employing a proprietary water-based fusion of nanotechnology-sized polymeric particulates, **NewEraSeal™ Fortify Sealer** protectant works on all hard and soft surfaces to seal, protect, enhance appearance, and extend asset life.

Features

- Water-based
- Non-flammable
- Non-toxic
- Non-abrasive
- Does not affect pH
- Does not etch surfaces
- Does not add weight or dimension
- Does not contain silicones, PTFE's, oils, waxes
- NO VOC's
- Viable to 350 degrees C
- Does not harden
- Enhances shine and matte finishes
- 100% soluble in water
- Ozone safe

Benefits

- Dramatically reduces biofouling, oxidation, UV degradation, and friction.
- Eliminates mineral deposits/build-up on the surfaces for good!
- Surfaces remain clean and are easy to maintain after sealer treatment.
- Rejuvenate surfaces and bring out original color and luster.
- Extend the life of your surfaces and reduce maintenance costs for an immediate and long-term return on investment.
- **NewEraSeal™ Fortify Sealer** eliminates the need for other products that hide scaling and deposits.

- **Size:** 1-gal, 2/1-gal, 4/1-gal, Pails, Drums, and Totes
- **Appearance:** White Liquid
- **Fragrance:** Sweet Lemon
- **Ready to Use**
- **pH:** 7.0-8.0
- **Storage:** Between 40° F and 110° F
- **Compliance:** Full VOC – non pollutant for air, water, soil
