

PFSCREATIVE

DESIGN. SOURCE. DELIVER.

TRANSPORTING YOUR BRAND TO NEW HEIGHTS

ABOUT US

At **PFS Creative**, we understand that every project is unique, and we pride ourselves on tailoring our creative solutions to meet your specific needs.

Whether you're just starting out, or an established enterprise, our dedicated team is committed to bringing your vision to life through thoughtful and impactful design.

We then elevate your brand further, by sourcing bespoke branded merchandise, which delivers consistent brand visibility and recognition.

SOURCING

PFS Creative is your one-stop shop for sourcing & procurement logistics.

With an extensive network of global suppliers and manufacturers, we can assist our clients in identifying and sourcing high-quality products at competitive prices.

Our experienced sourcing agents will evaluate suppliers, considering factors such as product quality, manufacturing capabilities, and compliance with industry standards. We take pride in our ability to connect businesses with reliable suppliers who meet their specific needs and requirements.

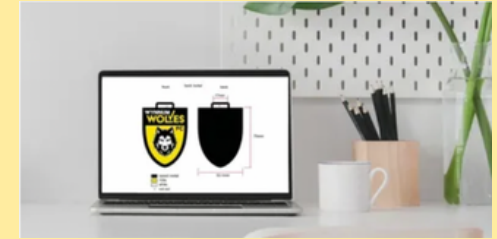

When combined with our personalised freight forwarding solutions **PFS Global**, we streamline the procurement process, allowing our clients to focus on their core business activities while we handle the sourcing logistics, from start to finish.

The Sourcing Process

1. Got a Product Idea?

Awesome! First step is to talk to the team at PFS Creative, and we can source the right factory for the job, and provide a comprehensive quote.

2. Artwork

Our graphic designers will work with you and the factory to create your vision digitally first. The artwork will include various design elements, dimensions and PMS colours.

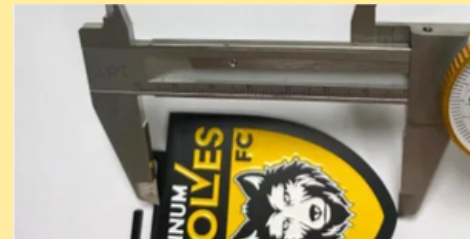

3. Sampling

Once the artwork design is approved, we will liaise with factory on creating a pre-production sample (PPS) for your final approval.

4. Production

Once the pre-production sample has been approved, the order will proceed to mass production at the factory.

5. Quality Control

If required, we can arrange for an independent QC check to ensure quality is maintained throughout the production process, including final packaging.

6. Delivery

Once the order is completed, we will arrange collection, shipping, customs clearance and final delivery to your door. Easy!
