

BODYARMOR CERAMIC COATING

A LIQUID ARMOR COATINGS COMPANY

LIMITED WARRANTY

Liquid Armor Coatings, LLC. warrants that with the proper application of BODYARMOR Paint Protection by a Liquid Armor Coatings, LLC. approved installer; your vehicle's paint finish will remain protected against:

Oxidation
Loss of gloss
UV Damage
Acid rain
Paint chalking

If any treated paint is shown to be adversely affected from exposure to these conditions or through normal use, as evidenced by a visible loss of paint gloss and providing that all of the terms of this warranty have been met, then such conditions will be remedied free of charge by Liquid Armor Coatings, LLC., regional distributor and / or its authorized installers, who reserve the right to attempt repairs through professional surface reconditioning / polishing before repainting the damaged area.

General Conditions

Warranty coverage is only valid if performed by an Approved Applicator. The vehicle must remain registered, for the entire duration of the warranty, for legal non commercial road use. Only vehicles registered as passenger vehicles will be warrantied. Commercial vehicles of any kind will not be covered. Vehicles over 3 months old are required to have a machine polishing carried out by an approved applicator prior to application. Newer vehicles may also require a machine polish if advised by the approved applicator. In the event of damage / repair to the surface (i.e. accident repair) the vehicle must be taken to an approved applicator for retreatment to the repaired area, at the owner's expense, within 30 days of the damage. Warranty is registered in the name of the vehicle owner and cannot be transferred. Should a product reapplication be required (e.g. vehicle accident) you or your insurer are liable for a reapplication fee, determined by the approved applicator. The vehicle exterior paintwork must be maintained and washed regularly, to Liquid Armor Coatings, LLC's recommendations, to prevent contamination build up (bi-weekly). After washing ensure that no water is left to dry on the coated surface, particularly within the first two (2) weeks after installation. In the event that your vehicle is exposed to high mineral-content water ("hard" or "soft" water) like that from some automated car washes, sprinkler systems or tap water in some areas, then all coated areas need to be dried as soon as possible with a microfiber cloth. Any water that is left to dry may form visible ringlets, which should be wiped off with vinegar until the mineral deposit is removed, as soon as possible.

Exclusions

Where the owner has deemed to have been careless, negligent or failed to maintain the exterior painted surface in the correct manner. Damage or wear caused or presented on a vehicle that has not returned for a maintenance service as required every 12 months. Pre-existing damage to the painted surface or any other treated part of substandard specification, materials or workmanship by vehicle manufacturer, their dealership, third-party supplier or modifier, or professional detailers not authorized by Liquid Armor Coatings, LLC. Damage to the coated surface by incorrect manual wash techniques, automatic car washes, brushes or contaminated wash tools that may cause abrasion or damage caused by a third party not authorized by Liquid Armor Coatings, LLC. Swirl marks, marring, scratches, scuffs, scrapes, chips to the painted surface. Water spots – Water spots are caused by hard water (mineral deposits), which when left to dry on the paint may leave a stain, water spotting is not covered as it is the natural result of minerals left behind by evaporating water left to sit on the vehicle for extended periods of time. Failed Clear Coat – Peeling, Hazing and Fading or any claim for matters which are covered by vehicle manufacturers' warranty. Damage caused by collision, accidental damage, vandalism, malicious damage, fire, hail, flood, stones, collision, surface rust, rail dust, physical damage, paint overspray, water etch or vehicle manufacturer' defects, or defects which may be covered under a manufacturers or dealerships protection plan. Areas that have not been retreated after a paint repair. Any loss of time or use of the vehicle while it undergoes inspections or treatments. Touch-less car washes only. Never use a car wash with brushes. Annual Inspections

Annual Inspections

must be carried out by an approved applicator, within 30 days before or after the anniversary date of the last service to maintain the warranty. Failure to undertake an annual inspection within the required period will void the warranty. A fee determined by the approved applicator will be charged for the Annual Inspection, which includes – Exterior Wash, Decontamination, Topcoat, and Inspection.

Limit of Liability (Claims)

Damage that may be covered under this warranty must be made aware to an approved applicator within 30 days of incident or occurrence, failure to comply will result in the warranty being terminated. Claim determination is at the sole discretion of Liquid Armor Coatings, LLC., either approving the repair / retreatment by an approved applicator or refunding the application cost to the vehicle owner at a maximum of \$700 (Cost of material) and terminating the warranty, whichever is less. Any dispute or disagreement arising under this warranty, including the validity or interpretation thereof, shall be determined solely by the Warranty Grantor, and the Warranty Grantor's decision shall be final and binding on the Warranty Holder agreed upon in purchasing service through a Liquid Armor Coatings, LLC. Authorized BODYARMOR applicator. Email reminders for annual inspections are a courtesy and not receiving one is not an acceptable reason for missing your inspection.

Definitions

Approved Applicator – An independently owned and operated business / company that has been approved by Liquid Armor Coatings, LLC. or authorized distributor to apply Liquid Armor Coatings, LLC. products. To make a claim contact your installer or submit a request on LiquidArmorCoating.com

Geographical Limitations
