AXOPAR

LONDON GROUP

AXOPAR – A FINNISH BRAND OF PREMIUM RANGE MOTORBOATS

The name Axopar is derived from the founder's existing portfolio of successful Scandinavian boats, with Aquador, XO Boats and Paragon Yachts already recognised as well known, leading brands. Since 2014, Axopar has pioneered a global marine sales phenomenon, based upon an uncompromising range of unique and exciting, 'avant-garde', fun-inspired designs.

The concept of providing well-made, competitively priced boats, that are immediately recognisable with their cool looks and are great fun to drive, has truly captured the public's imagination. Global sales have rocketed in the past few years, with over 1,500 boats sold.

Whether you're a seasoned and experienced boat owner, or you're considering ownership of an exciting boat, perhaps for the very first time, there's an Axopar model to suit every kind of coastal or offshore cruising requirement, water sport activity and marine lifestyle or practical boating need.

There's a logical choice of hull length to choose from including our entry-level 24ft bow-rider, to the 'triple award-winning' walk-around Axopar 28ft and the more spacious, fully offshore-capable Axopar 37ft range, each model based upon the same, dynamic underwater lines.

Based upon a twin-step, low-resistance, deep-vee design, with 20° narrow entry, every Axopar offers exhilarating driving from a fundamentally dry and safe boat, with very little slamming in all but the worst kind of sea conditions. Axopar occupants feel safe and protected from what is generally regarded as a smooth, quiet and compliant ride.

Carefully considered modular and versatile deck designs vary between the 'wind in your hair' nature

of the Open, T-Top or Sun-Top versions, or the more adventurous, 'go-anywhere' capability of the full weather-protected Cabin and Sports Cabin versions.

For the customer seeking the ultimate expression of individuality, we've formed an exciting manufacturing alliance with famous German high-performance automotive brand, BRABUS GmbH, to produce a truly exclusive range of 'BRABUS Shadow 800 and BRABUS Shadow 500 by Axopar' hyper-boats / superyacht tenders.

AXOPAR LONDON GROUP

Axopar London Group has been appointed as an international dealer for Axopar boats across 6 key territories.

Axopar Boats co-founding partner, Jan-Erik Viitala, said of the new distribution agreement: "Thanks to our existing dealer network we are already unbelievably proud of the fact that Axopar is a globally recognised and market-leading brand, but now with the addition of the Axopar London Group, we can strengthen and expand that dealership network even further."

Under a new trading name, Axopar London Group, which is part of the Sunseeker London Group of companies, Axopar London Group are now dealers in the UK, Monaco, Portugal, Egypt, Andalucía and Malta. With an extensive wealth of leading marine industry knowledge and an extensive network of highly skilled engineers our teams are ready to make your Axopar experience the best it can be.

AXOPAR

22 SPYDER

Axopar has always been known for creating exciting and innovative boats with great handling and performance, combined with solid, competitive pricing for customers.

We have expanded our fleet of premium boats to the competitive 22-footer market with a product that, together with fantastic value for money, will represent all the key unique features and functionalities that define a true Axopar.

The cool-looking Axopar 22 Spyder is a true driver's boat, offering first-in-class handling, seaworthiness and safety, combined with the efficiency and comfort that its bigger 28ft and 37ft siblings are renowned for.

A smart boat that packs a punch and will turn heads wherever you go, and all without breaking the bank!

A boat that is capable of commuting comfortably in changeable conditions and remains predictable and logical in its behaviour, no matter what weather conditions are thrown at it! With Axopar, it's about offering in-built safety and total peace of mind.

AXOPAR

22 T-TOP

The Axopar 22 T-Top adds a new dimension of functionality to the Axopar 22 range. The cool-looking Axopar 22 T-Top offers some of the best-in-class handling and performance on the market, combined with solid, competitive pricing.

Designed so that it takes nothing away from the thrill and sheer enjoyment of the 'full-open' Axopar 22 Spyder, the Axopar 22 T-Top takes the ownership experience further. The all-weather T-Top roof consists of a fixed canvas top within a GRP surround, mounted to a raked-back, cool-looking, black painted aluminium targa-frame.

With substantial headroom, the cleverly proportioned size and shape of the T-Top roof will ensure a good deal of protection from the elements, both for those seated at the driving console and for those seated in the areas immediately behind.

The unique, eye-grabbing Axopar 22 T-Top not only has the looks, but is a true performer, offering one of the best driving experiences ever; unparalleled stability, agility and handling, combined with best-in-class seaworthiness. Built to match your needs!

AXOPAR

25 CROSS TOP

It's time for a shakeup and the Axopar 25 provides just that – an innovative and compelling solution, but strictly adhering to its proven award-winning legacy and DNA.

For anyone looking for something more than just a straightforward day-boat. The Axopar 25 range is our foray into the thriving world of cuddy cruisers, and another leap forward in terms of value for money; now offering more space, more overall comfort and more all-round capability.

The ultra-cool looking Axopar 25 has a raised 'cuddy cabin' sleeping accommodation, where the cabin defines the character of this remarkable new boat. A full width cushioned sundeck is positioned atop the cabin roof, with a sloping back rest that follows the rake of the front screen.

The modular nature of Axopars, and our multi-platform thinking, enables you to customize your boat with an aft layout to suit your everyday needs. As standard, the Axopar 25 Cross Top comes with an aft sofa. The aft deck can be also equipped with an optional multi storage compartment, or a u-sofa, with the possibility to be extended to a sun bed.

TECHNICAL DATA

LOA (excl. engines) –	8m (25ft)
Beam –	2.23m (7ft 4in)
Draft –	0.85m (2ft 9in)
Weight –	1750kg (3858lbs)

AXOPAR

29 XC CROSS CABIN

This all-new range represents the culmination of living our adventure and listening closely to our customers. Everything onboard, all you can see, touch and feel, has been improved and enhanced to our customers' wishes. It has all been done with a sense of purpose, and for specific reasons, in terms of improved functionality, usability, comfort and higher quality with a new visual presence, still without forgetting our origins and paying homage to the predecessor, the Axopar 28's.

The Axopar 29 range, therefore, is even more multifunctional, maintaining its exceptional value for money, made to push and redefine the adventure boat genre, even when the sub-30-foot category itself has developed enormously with new brands entering the market in the last years.

At Axopar we do not change anything without a sense of purpose, but when we see clear opportunities for improvement, we want to act immediately for the benefit of our customers. This might explain how fast and dedicated we have been able to develop our company and its range of boats in only 10 years.

TECHNICAL DATA

LOA (excl. engines) –	9.4m (29ft)
Beam –	2.98m (9ft 8in)
Draft –	0.9m (2ft 8in)

AXOPAR

37 SPYDER

You love the feeling of driving a very competent, open speedboat with fantastic grip and handling that provides an extremely compliant ride. You prefer to the wind in your hair having great all-round visibility, and the opportunity to be at one with your surroundings.

The Axopar 37 Spyder is a trendsetter, an exciting dive-excursion boat, a wakeboarding or water-ski boat and your true playmate for blasting offshore by enjoying the user-friendly characteristics and safe, responsive nature. The Spyder features a functional walkaround deck, with plenty of aft-deck space, a huge multi-functional storage solution combined with a sun-deck. The Axopar 37 Spyder is also the perfect choice for use as a tender or chase boat for superyachts. Its fast, safe and fun to drive and easy to dock and store due to its low height and weight compared to other 37 footers!

The Axopar 37 Spyder is also a true competitor to RIB's and open speedboats but with so much more space for socialising, safer passages and extraordinary comfort.

TECHNICAL DATA

LOA (excl. engines) –	11.5m (37ft 9in)
Beam –	3.35m (2ft 9in)
Draft –	0.85m (2ft 9in)
Weight –	3390kg (7474lbs)
Classification –	B (Offshore) 10 Passengers / C (Coastal) 12 Passengers
Fuel Capacity –	730L (193gal)
Max Speed –	40-50 knots
Berths –	2 Person (with optional aft cabin 2 + 2)
Outboard Choices –	2 x 225HP – 2 x 350HP
Fuel Consumption –	2.3l / nm (2 x 300HP Mercury, 28kn)

FIND OUT MORE:

<https://www.axoparlondongroup.com/axopar-37-spyder/>

AXOPAR

37 SUN-TOP

The Axopar 37 Sun Top with its multi-purpose characteristics when launched in 2016, immediately proved itself to be a perfect combination of open and enclosed boating.

Enjoying a great day in the sun with family, savouring 'al-fresco' dining, having a party with friends or for those who love the feeling of running an open boat but still being protected from the weather. The A-37 Sun Top has proved to be the perfect choice, easily justifying its position as a true game-changer.

The new 37 ST version, however, with its full-length shaded roof, is loaded with a myriad of innovative functionality and creature-comforts. The extended roof offers the best shade and weather protection possible; this without compromising on the space and versatility of the walkaround sides and aft-deck area. The optional new roof-rack and multi-storage compartment gives you the possibility to bring and transport all your adventure gear with you.

TECHNICAL DATA

LOA (excl. engines) –	11.5m (37ft 9in)
Beam –	3.35m (2ft 9in)
Draft –	0.85m (2ft 9in)
Weight –	3590kg (7915lbs)
Classification –	B (Offshore) 10 Passengers / C (Coastal) 12 Passengers
Fuel Capacity –	730L (193gal)
Max Speed –	38-48 knots
Berths –	2 Person (with optional aft cabin 2 + 2)
Outboard Choices –	2 x 225HP – 2 x 350HP
Fuel Consumption –	2.3l / nm (2 x 300HP Mercury, 28kn)

AXOPAR

37 XC CROSS CABIN

The new Crossover that challenges convention in both looks and onboard functionality bringing a new era to all-weather boating.

This model combines the functionality, ease of movement, social outdoor and indoor spaces and versatility of outboard walkaround centre-consoles with a spacious, fully enclosed weather proofed cabin, that with distinctive looks challenges traditional perceptions of cabin boats.

We consider the 37XC to be the Gran Turismo of the seas opening a world of possibilities for safe, extended voyages in comfort even in unpredictable weather.

Every foot on board is used for socialising and practical living; indoors and now outdoors as well, infused with a myriad of new onboard solutions and functionalities, no matter if cruising along or spending time at anchor

TECHNICAL DATA

LOA (excl. engines) –	11.5m (37ft 9in)
Beam –	3.35m (2ft 9in)

AXOPAR

45 XC CROSS CABIN

The new series will undoubtedly attract boat enthusiasts seeking the adventurous touch that the smaller Axopar models offer, but with extra volume and physical deck space. The new range provides an excellent alternative to bigger and more expensive yachts as the 45 range boasts a yacht's luxuries and handling without the price tag or maintenance commitment.

And the best part? The boat is one of the most economical 45-footers on the market. Powered by triple Mercury V8 300 Verado engines, the Axopar 45 can cruise at speeds between 19 and 35 knots while remaining in the most cost-effective range. The advanced infusion lamination method used to manufacture hull, deck, and stringer systems that result in a lighter and more fuel-efficient boat.

From an Intelligent Steering Module that controls the bow thruster, trim tabs, and audio, to innovative Simrad navigational touchscreen displays with a custom built Axopar User Interface, the Axopar 45 is fitted with impressive technological features to ensure the best-in-class manoeuvrability and handling. These integrated functions make the cockpit remarkably clutter-free.

TECHNICAL DATA

LOA (excl. engines) –	13.9m (45ft 7in)
Beam –	4.11m (13ft 6in)
Draft –	1m (3ft 3in)
Weight –	7000kg (15433lbs)
Classification –	B (Offshore) 14 Passengers / C (Coastal) 16 Passengers
Fuel Capacity –	1390L (368gal)
Max Speed –	+45 knots
Berths –	2 Person (with optional aft cabin 2 + 2)
Outboard Choices –	3 x 300HP

PACK, INFLATE, ADVENTURE

We are here to inspire, guide, equip and support your passion for adventure

Why We Do What We Do

Love for the Lifestyle

We live and breathe watersports and want to share that passion. The Boatworld team have a passion for the outdoors, allowing us to recommend products we use and get excited about.

Quality & Innovation

We only stock products we trust, from the latest tech to time-tested essentials. We continually search for innovative products that make you feel good or make life easier to enjoy your hobby.

For Everyone

Whether you're in the market for a tender, an exploration boat, a fishing vessel, or planning a family adventure, we have the perfect boat for you.

Family- Owned & Customer Focused

Here at Boatworld, we like to think that we are one happy family. This shines through when you phone us for advice. We are super helpful and can guide you through your query, helping you choose the right products for your next adventure.

How We Make Adventures Possible

Huge Range of Products

From small inflatable boats, outboards, paddleboards, wakeboards, water skis, towables, watersport accessories and more. In stock and delivered fast with most items available next day.

Real Stories & Real Adventure

Our boats have taken people on unforgettable journeys, from campervan explorers to solo travellers. Whether it's a quiet morning on the lake or a family adventure along the coast, Boatworld helps you make memories on the water.

Continuous Testing

All of Boatworld's products are tested to ensure they are perfect before they go out of the door. You can be sure that your adventure starts perfectly from the minute your items arrive at your door.

Gifts For Family & Friends

Giving a gift card from Boatworld lets your recipient choose exactly what they want to top up their existing gear or try something new and start having fun on the water.

BRITISH MADE - BRITISH QUALITY - BRITISH HOVERCRAFT

BHC (British Hovercraft Company) are the world's largest manufacturer of recreational & light commercial hovercraft, exporting into 40+ countries across the globe.

Our hovercraft have been developed & refined over the course of more than 30 years, producing up to 100 quality, hand-built craft each year.

Shipping worldwide, to private clients, commercial companies, rescue organisations & our distribution network now covering the 6 continents of North & South America, Europe, Africa, Australia and Asia including China & the Middle East.

COMMERCIAL & UTILITY HOVERCRAFT

Developed for use in the harshest environments, our Coastal-Pro & Tidal-Pro hovercraft have proved their exceptional performance, from the heat of Kuwaiti oil fields, Chilean mine tailings to Scandinavia's harshest winters & ice lake rescues. Easy to operate & simple to maintain, our commercial hovercraft are built to the MCA standards of the Hovercraft Code of Practice.

We also offer hovercraft hire including pilot & support craft & crew, for commercial works, activity/ VIP events & filming projects.

FIND OUT MORE:

<https://britishhovercraft.com>

COASTAL-PRO & TIDAL-PRO HOVERCRAFT

Developed for use in the harshest environments, our Coastal-Pro & Tidal-Pro hovercraft have proved their exceptional performance, from the heat of Kuwaiti oil fields, Chilean mine tailings to Scandinavia's harshest winters & ice lake rescues. Easy to operate & simple to maintain, our commercial hovercraft are built to the MCA standards of the Hovercraft Code of Practice.

The BHC Tidal-Pro is well equipped, whether you want a cruising, recreational hovercraft with extra lift capacity, a practical, light commercial hovercraft for survey/crew transfer/emergency standby cover; marine studies, mud/emergency response or rescue & recovery craft – then the Tidal-Pro is the hovercraft you've been waiting for!

FIND OUT MORE:

<https://britishhovercraft.com/pages/tidal-pro-hovercraft>

THE BEAST & BEAST XL HOVERCRAFT

The Beast is the sports cruiser of the hovercraft world. With an array of extras and beautiful styling The Beast is "the best fun you can have with an engine" according to Jeremy Clarkson who used one to open his Top Gear Live Show. The ultimate big boy toy, The Beast comes with a speedo, improved 'endplate' rudders, key coloured acrylic dashboard, rubber non slip flooring, all round white lights, navigation lights, stylish GSXR headlight and piped marine quality fabric seating as standard. Quite a package!

The Beast XL has all the stylish looks and features of the standard Beast, but it has been lengthened to manage larger payloads, with larger deck space and able to negotiate higher sea states than its brother. Still having the manoeuvrability of the smaller craft in our range due to its 3-rudder steering system, it is quickly becoming our best selling model by far.

FIND OUT MORE:

<https://britishhovercraft.com/pages/the-beast>

THE MINI & MINI XL HOVERCRAFT

The Mini is “the go-kart” of hovercraft - it is ideal for kids of all ages (even the adult ones). A recreational toy, for driving events businesses or even novice racing, this versatile little hovercraft has it all. Piloted whilst kneeling but able to be controlled in a seated position, this hovercraft is better suited to land and small shallow waters. With a payload second to none for a craft it’s size and with it’s lightweight hull the speed is remarkably surprising.

A slightly larger version of The Mini and with a more powerful engine, The Mini XL is also a must for driving events businesses. This craft out of our smaller hovercraft range is better suited to open water and can be used also as a single seat cruiser. In fact, several have completed The Rhone Raid, over 600kms during a week’s cruise through France. The Mini range maybe our smallest but they sure do provide the biggest smiles.

FIND OUT MORE:

<https://britishhovercraft.com/pages/the-mini>

THE HOV-POD

BHC have taken the Hov-Pod back to its original GRP roots and we are proud to offer the next generation of exceptional Hov-Pod hovercraft. According to how you intend to use your Hov Pod, we offer a wide range of options and are happy to adapt specifications and fittings to accommodate any specific application you have in mind. Keeping the strength and buoyancy design is important to BHC so the new style Hov-Pod offers both and added with the BHC high marine standard, this new generation Hov-Pod has it all.

EXCEL

RIBS

EXCEL RIBs (Rigid Inflatable Boats) are durable, versatile boats combining a solid aluminium hull with inflatable tubes, offering exceptional stability and performance on the water. Known for their strength, RIBs are ideal for both recreational and professional use, including fishing, cruising, and rescue operations. EXCEL RIBs are designed for high performance in rough waters, providing a smooth ride and excellent handling. Their reliability, low maintenance, and safety features make them a popular choice for various marine activities.

YOUR BOAT, YOUR WAY

Consisting of two ranges - Vantage and Virago, the concept behind the EXCEL range of Aluminium RIBs is simple. Choose the size of the boat, the colour and then choose from a wide range of seating and console options. We have a good selection of stock RIBs to view at our Tamworth showroom and many more ready to configure.

FIND OUT MORE:

EXCEL

INFLATABLES

Explore The Water With EXCEL Inflatables.

EXCEL Inflatables are lightweight, portable, and offer excellent stability and performance, even in rough conditions. With options ranging from small dinghies to larger models, EXCEL boats are popular for fishing, cruising, diving, and rescue operations. Their compact design and safety features make them a reliable and practical choice for various water activities.

EXCEL VENTURA

The EXCEL Ventura Inflatable Boat offers a perfect combination of lightweight design, durability, and practicality, making it an ideal choice for a wide range of water activities. Featuring a flat hull, the Ventura provides excellent stability on calm waters and smooth handling, ensuring a comfortable ride.

EXCEL VOLANTE

The EXCEL Volante Inflatable Boat offers the perfect combination of performance, durability, and versatility, making it the ideal choice for any water adventure. Designed with a V-shaped hull, the Volante ensures superior stability and smooth handling, even in choppy waters, providing a more comfortable and controlled ride.

EXCEL VANGUARD

The EXCEL Vanguard Inflatable Boat offers a perfect blend of rugged durability and exceptional performance, making it an ideal choice for those who require both reliability and versatility. Featuring a robust aluminum deck, the Vanguard provides a rigid and stable platform that enhances both comfort and control on the water.

EXCEL VANGUARD

The EXCEL Volaire Inflatable Boat is a heavy-duty, high-performance vessel designed for those who require strength and reliability in demanding conditions. Featuring a deep V-hull, the Volaire ensures excellent stability and smooth handling, even in rough or choppy waters.

EXCEL VOLAIRE

The EXCEL Volaire Inflatable Boat is a heavy-duty, high-performance vessel designed for those who require strength and reliability in demanding conditions. Featuring a deep V-hull, the Volaire ensures excellent stability and smooth handling, even in rough

or choppy waters. Built to withstand the toughest environments, this boat is perfect for commercial use, including applications such as search and rescue, police operations, and lifeguard services.

EXCEL VARIANCE

The EXCEL Variance Inflatable Boat is designed for those who seek a lightweight, durable, and highly versatile watercraft. Featuring a flat hull, the Variance provides excellent stability on calm waters and makes for smooth, easy handling. Equipped with 360 degrees of durable Hytex tubes, this boat offers enhanced strength and long-lasting performance, ensuring it can withstand tough conditions.

EXCEL EXPLORER

The EXCEL Explorer Inflatable Boat is the ultimate choice for those seeking durability, stability, and versatility on the water. Built with high-quality, rugged materials, it's designed to endure even the harshest conditions, ensuring long-lasting performance. Its wide, stable design provides a smooth and comfortable ride, making it ideal for families, anglers, and adventurers alike.

EXCEL SCOUT

The EXCEL Scout Inflatable Boat is the perfect blend of durability, stability, and versatility, making it an ideal choice for a wide range of water activities. Constructed from high-quality, rugged materials, the Scout is built to withstand tough conditions, ensuring long-lasting performance. Its stable and smooth design provides a comfortable ride, whether you're fishing, exploring, or just enjoying the water.

EXCEL KABOAT

The EXCEL Kaboat is the perfect fusion of an inflatable kayak and a boat, offering a unique and versatile watercraft experience. Designed for those who want the maneuverability and ease of a kayak with the stability and comfort of a boat, the Kaboat is ideal for a wide range of water activities. Constructed from durable, high-quality materials, it's built to handle tough conditions while providing a smooth, stable ride.

Manufacturing Extreme Trailers in Southampton we offer one of the largest catalogue of boat trailers in the country.

With our on site CNC laser and plastic injection moulding machines, not only can we guarantee the quality of our product we are also able to design bespoke trailers to suit the specific needs of your boat.

It is important to us at Extreme Trailers that you have the correct trailer for your craft, ensuring safe driving on the road and stress free launch and recovery at the slip way.

All of our trailers are hot dipped galvanised and only use high quality parts including Dutton Lainson winches, AL-KO Axles, Couplings and Bearings. Our very popular colour range of Non-Marking Wobble Rollers are made in house.

With 100 years of combined marine experience, we pride ourselves on excellent customer service. With an extensive stock of parts available online or by phone, we can advise you with any repair needs or bespoke parts to have you up and running in no time.

ASK OUR EXPERTS

We have a dedicated team of experts to help with any enquiry. With over 75 years combined knowledge of all things marine there isn't much we haven't seen or done.

With a team consisting of engineers, mechanics, and a dedicated front of house we can offer a great service in all aspects of your trailer needs.

It is important to us to up hold a 'duty of care' to our customers, this is why we go above and beyond to ensure the correct Extreme trailer is supplied for your craft.

For more information about our extensive spare parts department visit our web shop or speak to one of our specialist parts advisers.

HOW TO CHOOSE A TRAILER

What boat?

Depending on the type of boat you have will make a difference to the type of trailer support you will require. Most boats including ribs, hard boats and dinghies are more suited to roller support, wooden boats require extra keel support with stabilising bunks, inflatables (sib's) are ideally suited to bunked support. If you are unsure ask one our experts.

Boat length?

The LOA (length over all) is the boat length, for selecting the correct trailer we require the bow eye to transom measurement, this is the two furthest points the boat will have contact to the trailer.

Boat weight?

This is the gross weight of boat, engine, fuel and everything else on the boat. The 'rule of thumb' is the combined boat and engine weight plus 10% it is important to make sure you do not under estimate the weight of your boat. An EXT750 will typically weigh approx 170kg allowing a boat weight of 580kg.

Braked or un-braked?

The law states that up to 750kg gross weight you do not require brakes on your trailer, above this weight you will require a braked trailer.

Single or twin axle?

An Ext1900 is our largest single axle trailer and can carry 1465kg of boat weight, if you have a boat heavier than this you will require a twin axle trailer.

Rollers or Bunks?

Typically trailers offer two main types of support, rollers and bunks. Rollers are considered easier for launch and recovery, where as bunks are thought to offer more support.

Rollers -

We are the only boat trailer manufacturer to make our own rollers, due to this we have designed a non-marking, nylon roller that has superior contact with the boat offering more support than any other roller.

Bunks -

Our rubber backed, nylon based carpeted bunks come in many lengths and are fully adjustable.

BOATFESTS.COM

Established in 2006 Atlantic Marine from Poland have a reputation for producing excellent boats with award winning performance and design features. Nine models are in their current range from the Open 490 to the Sun Cruiser 750, the boats being 100% hand-made in house guarantee the highest production quality.

With 15 years a continuous development gained from producing over 3500 vessels coupled with owners feedback these capable boats have gained quite a following and are in demand.

THE ATLANTIC RANGE

SUN CRUISER

In these boats you can leave everyday life far behind. Each of our models meet the expectations of those seeking a family safe and comfortable boat, but also to satisfy thrill seekers and active water sports enthusiasts.

These cabin boats offer maximum versatility in any weather, sun lovers can enjoy the spacious sun deck and thanks to comfortable cabin long family escapades with an overnight at sea will become carefree relaxation. All models are perfectly shaped with a strong V-hull providing complete control, great performance and fuel consumption characteristics .

OPEN

Water sports, excursions along the coast, the sea sports and maybe catching a fish? The Open range allow you to satisfy all of your passions. With all the advantages of an uncluttered open boat including large cockpit movement around the vessel is unrestricted, A large bow sun deck is easily changed into a comfortable seating area with a table that the crew can gather around for a meal and a rest.

The strong point distinguishing these boats is a proven, reliable V shaped hull that smoothly cuts the water. With a deep cockpit providing security and safety especially when there are children amongst the crew.

ADVENTURE

This line was primarily designed for fishing enthusiasts but other marine fans find the great joy in spending time on these boats. Spacious cockpits allow for comfortable movement while fishing and the cabin protects against rain and wind. The tall cabins built with panoramic windows and comfortable mattresses gives the opportunity to rest for at least two people. A stable, wide hull ensures comfort for the entire crew. In addition to the models Adventure 660 and Adventure 780, model Adventure 900 was designed as the flagship unit of our company.

EXPERIENCE EXTRAORDINARY WITH COBALT

GIBBS are the UK sole importer for Cobalt boats and are proud to have received the outstanding customer service award for the last six years running.

The Cobalt brand is synonymous with exceptional build quality and have been known in the sports boating fraternity as the standard to achieve- many manufactures fall way short of this mark. Cobalt have been manufacturing luxury, performance motor boats for over 50 years so they know a thing or two.

There's really nothing quite like a Cobalt. Since its first day on the water, only Cobalt has inspired a sense of ownership synonymous with accomplishment. Recognized as America's boat-building experts, Cobalt's commitment to

standard-setting performance and luxury continues to make it much more than just a purchase – it's a destination. From the moment you know you want one to the moment you finally own one, nothing should compromise your life's pursuit. Only a Cobalt – three words poised to define the next generation of boat owners.

The current line up includes an array of impressive models from the Surf Class available in Stern Drive or Outboard to the imposing R class. Available from 23ft(5.8m) to 35ft (10.8m) in length, all of which incorporate the style, design and quality that Cobalt are well known for. Whether you are looking for a trailable bow-rider or a dedicated water-sports machine, if you want the best, look no further than Cobalt Boats. Visit the Cobalt website for information on the complete range.

Gibbs are proud to be the exclusive UK importer for Salpa Boats.

Nautica Salpa founded in 1984 brings together the experience of over thirty years of technological innovation in boat building to create craft with superb qualities of seaworthiness, excellent manoeuvrability, better performance and greater structural strength. Contact us to begin your Salpa Boat journey.

SALPA BOATS

Nautica Salpa was founded by Antonio and Enza Pane in Naples, Italy to create stylish seaworthy pleasure craft. Today Salpa collects the fruits of a careful program of investment and research to focus on a quality product at a competitive price.

Working in conjunction with the “Department of engineering of composite materials of the University of Naples Federico II” Salpa’s technical office strives to innovate and develop their range through research and product offerings.

With over thirty years of technological innovation in boat building Salpa are creating craft with superb qualities of seaworthiness, excellent manoeuvrability, better performance and greater structural strength.

With a range of boats including Ribs, Day boats to Motor Yachts they are a favoured Italian boat builder who have a great range to explore.

Gibbs are proudly the exclusive Grandezza Boats UK dealer. Designed and built in Ostrobothnia, Finland, Grandezza motorboats are highly esteemed by yachtsmen and women all over Europe. Unparalleled design combined with the finest craft, quality and precision in every detail make Grandezza the perfect companion for prestigious times at sea. Come meet us here to discover Grandezza Boats UK.

GRANDEZZA BOATS

Gibbs are delighted to be the UK's sole importer for Grandezza of Finland. The Story of Grandezza boats has its origin in their desire to design boats for "customers who don't want to settle for the ordinary" and "customers who are used to demanding something better and absolutely unique". Their current line up consists of six models ranging in size from the sporty, cool 25s, through the practical elegance of the 28OC & DC, the head turning style of the 34OC and onto the MBY boat of the year the amazing 37CA all of which are hand crafted to exacting standards in Finland.

Grandezza boats are designed and built in house in the picturesque seaside towns on the western coast of Finland by the beautiful Gulf of Bothnia. This area of Finland is considered as the birthplace of the Finnish boat building tradition. To this day, the majority of the country's boat building industry operates in the area. This age-old, skilled tradition is reflected in every boat which leaves the factory resulting in the uncompromised quality and design of Grandezza.

The proximity of the untamed sea and the versatile conditions of the vast northern archipelago have set a high standard for the quality and comfort of Grandezza. The Nordic archipelago and seasonal weather changes work as an unforgiving testing and developing environment for their boats. Thanks to these challenging proving grounds, every Grandezza boat is designed and built to provide our customers with comfortable and prestigious moments at sea – regardless of the conditions.

SCHAEFER

YACHTS

Gibbs are proudly the exclusive Schaefer Yachts UK dealer. Brazil's largest yachts manufacturer Schaefer Yachts develops and transforms the Brazilian nautical sector for over 30 years. More than 4,000 boats delivered between 30 and 82 feet, which sets a new standard of quality and innovation in the market.

SCHAEFER YACHTS

We are delighted and excited to be able to announce that we are now the Sole UK distributor for Schaefer yachts. Unique in the market, combining comfort with high technology, the boats produced by Schaefer Yachts impress at first glance. They stand out for their beauty, workmanship, sophistication and high performance, unique features among the competitors. While reviewing our fleet, customers can choose the boat of their dreams and find what best suits their desires – from Schaefer 303 (33 feet) to the Schaefer 25M, with 83 feet, the largest and most complete yacht manufactured in mass production in Brazil.

The technology developed by Schaefer Yachts is designed to build high performance boats. Differentials as vacuum infusion process on all parts, a unique 5 axis CNC milling machine, own carpentry and upholstery in a vertically integrated production process, in addition to the design of the naval architect and founder Marcio Schaefer, makes Schaefer Yachts an international reference for quality, technology and safety. Come meet us here to discover Schaefer Yachts UK.

THE PRIVILEGE TO BE AHEAD

At Schaefer Yachts you will find performance, technology, comfort and sophistication in harmony for you and your family to live the best moments at sea.

Refinement in workmanship and extreme attention to detail are features of all Schaefer Yachts. Tastefully selected materials blend with advanced craftsmanship, resulting in elegance and sophistication for a luxurious and cozy environment.

Built with the most advanced production process in the nautical market, the Schaefer range of yachts guarantees lightweight boats with unmatched stability and comfortable navigation at best-in-class economy.

Sea Ray®

EVERY MOMENT PERFECTLY CRAFTED

UK Distributors for SeaRay, Marina Marbella UK has been proudly serving our customers for over 33 years. We are dedicated to providing exceptional knowledge and service, always available by phone and ready to assist whenever you need us.

SEARAY

With over sixty-five years of legacy, Sea Ray has perfected the art of boat design and craftsmanship. We believe that richer moments on the water lead to a richer life. That's why everything we do is designed to make each moment exceptional.

When you see a Sea Ray®, you know it. And it's love at first sight. That's because every Sea Ray is designed with classic, yet current, Sea Ray styling. But a Sea Ray is more than just style. It's also designed with a deep understanding of boater needs and desires.

With models ranging from 19–40 feet in length, Sea Ray offers a wide variety of premium fiberglass boats with outboard, sterndrive or surf propulsion.

FIND OUT MORE:

<https://www.marinamarbella.co.uk>

SPX SERIES

The Sea Ray SPX® series is designed to be noticed. SPX bowrider and runabout boats cater to your family's idea of fun, with every detail delivering both beauty and performance. Even better, they are easy to tow and store.

Edgy and eye-catching, Sea Ray SPX boats fully embody a modern design and sophisticated aesthetics. Sleek, beautiful lines and a selection of colour combinations give SPX boats an impactful presence on the water.

FIND OUT MORE:

<https://www.marinamarbella.co.uk/brand/sea-ray#spx>

SDX SERIES

Get ready for adventure without compromise when you step aboard Sea Ray's SDX® line of boats. With capacity, comfort and capability in one package, SDX boats deliver maximum enjoyment for a perfect day on the water.

The Sea Ray SDX captivates with its modern hull design and curved windshield, offering a sleek and sporty look. Perfectly combining elegance with performance, the SDX series embodies the ultimate in stylish, contemporary boating.

FIND OUT MORE:

<https://www.marinamarbella.co.uk/brand/sea-ray#sdx>

SLX SERIES

With head-turning elegance, athletic design and powerful propulsion, Sea Ray SLX® boats shine. Luxurious comfort, high-end finishes, innovative conveniences and touchscreen interfaces allow you to host friends and family in elevated style.

The SLX Series blends power and agility without making sacrifices. Featuring reliable, robust Mercury® power, SLX boats make captaining a truly unforgettable experience. Seamless technology enhances the boating experience, from the Dual Digital Dash™ that brings navigation controls to your fingertips, to joystick piloting on most models, which makes maneuvering a breeze.

FIND OUT MORE:

<https://www.marinamarbella.co.uk/brand/sea-ray#slx>

SUNDANCER SERIES

Sea Ray's Sundancer® line of sport cruisers and cabin cruisers allows everyone who steps aboard to live the legacy of Sea Ray. Meticulously crafted, luxuriously appointed and infused with next-generation technologies, every Sundancer boat promises ultimate drivability and boundless enjoyment on the water. Comfort is the key to fully enjoying a long weekend, an extra night, that last hour on the water. The Sea Ray line of Sundancers provides an idyllic boating experience.

FIND OUT MORE:

<https://www.marinamarbella.co.uk/brand/sea-ray#sund>

SUN SPORT SERIES

Tailored to the European and International markets, the Sea Ray Sun Sport® is the boat of choice, because only Sea Ray delivers a runabout with superior craftsmanship and a well-appointed cuddy cabin designed to escape from the sun.

The Sea Ray Sun Sport allows you to soak up the sun and surroundings in unmatched comfort with broad cockpits and plush seating. Enjoy world-class lounging with a full-beam sunpad and tilt-up backrest perfect for sunbathing, socializing or reading.

**MORE THAN 10 YEARS OF EXCEEDING OUR CUSTOMER'S EXPECTATIONS;
IN PRODUCTS, VALUE & SERVICE**

We entered the SUP market in 2014 when we were faced with the stark realisation that either we had to spend too much money to buy a good quality paddleboard in a specialist shop, or we could get very cheap but vastly inferior SUP from an online discount store, all of which are more like beach toys than proper sports kit.

Disappointed that we could not find a great paddleboard at a reasonable price, we set out to build what we wanted and what we felt the industry needed.

Today, we make an extensive range of watersports products including inflatable kayaks, changing robes and wing foils. Most importantly, we won't consider making a product unless we believe we can be at least good as the market leader for a fraction of the cost.

It is our company ethos to put our customers first, with a goal to be what we call "Shockingly Good"

By partnering with industry experts and by running our own company with very low overheads, we have been able to build a fantastic range of products which rival and even outperform the most famous brand, for a fraction of the cost. We then back this up with the highest quality service, support, friendly advice from real people that you can phone at any time. In a digitalised world that feels less and less personal, we think that a human touch is more important than ever.

For 10 years we have continuously improved our construction, designs and environmental practices. We're extremely proud of the level of quality we've been able to achieve, and we are delighted that we get to share it with you.

SHEARWATER
RIBS

PERFORMANCE, DURABILITY & SAFETY

Discover adventure with Shearwater RIBs - driver's boats with responsive handling and exceptional soft, dry ride quality. Blasting the week away, or a fun way to bring the family together, Shearwater can offer the turn key package to cover all options.

Shearwater RIBs are manufactured by Bembridge Marine Ltd. is a specialist marine services company based in Bembridge on the Isle of Wight. Superbly

located on the banks of Bembridge harbour, the company offers a range of boat yard services from boat sales, maintenance and dry stack boat storage as well as technical marine engineering projects.

Experts at RIB manufacture, Bembridge marine also have a fleet of 6 RIBs available to hire in the Solent area, as well as a great team enabling them to meet all their customer's requirements.

SHEARWATER R65

The Hardy 4x4 of the Sea

The R65 is sharp looking and functional. Rated for challenging conditions, its high freeboard means it can be MCA coded. Ideal for leisure use, chase boat duties, and many other commercial applications.

The high sheer bow, deep V and robust build give it outstanding sea keeping – even in adverse conditions. The R65 has been independently tested, earning a Category B offshore rating for both UK and EU sales. It comes with a choice of bolster, standard jockey or suspension jockey helm seat options.

Under the deck is a 200L, 4mm aluminium fuel tank. It has a large two section anchor locker, with ample storage in the console and seating. Aft is a deep bilge pump well.

The console has ample space for port or starboard steering and can accommodate large navigation units etc. Its 8mm windscreen with stainless steel rail gives good protection from wind and spray. Tucked under the screen is a moulded compass plinth and handy recessed shelf for phones etc and space for a charging point.

The console hinges to give full access to the internal space. The battery fixing point is high in the console keeping it dry and away from water ingress.

Shearwater RIBs recommend 115 – 175 hp outboards to power the R65.

If you would like to experience the R65, Bembridge Marine have them in its Solent hire RIB fleet. Check <https://www.hireribs.com> for details.

KEY SPECIFICATIONS

Model:	Shearwater R65
Length:	6.8m
Beam:	2.7m
Fuel Capacity:	200L
Persons:	8
Engines:	100-175hp Outboards

SHEARWATER R70

The Sports Touring RIB

The R70 is a very popular model, with modern functional styling, it turns heads wherever it goes. It has a great walk round space, attractive Flexiteek decking throughout and deep comfortable Silvertex upholstery, the quality of our custom made mirror polished stainless is second to none. You can customise your new RIB with a large choice of colours and finishes to make it your own. The central command console is perfectly spaced to take all the necessary NAV equipment you could want, all protected by a robust 8mm screen and grab rail. Just inside the screen is a handy non-slip phone shelf with charge point and compass plinth.

The R70 has ample storage, with the large bow locker, the console hinges giving full access with a two level locker. Further storage can be found in the helm seat storage and under the aft seating. Shearwater RIBs offer a standard bolster helm or suspension seats. Aft is a generous cushioned bench seat which can lay flat as a sun pad. An extra option will adapt the seat to a forward facing chaise lounge. The aft seating area leads down to a waterline bathing platform, with a long ladder for easy access to the water. The watersports towing post houses an all round white light with a plinth for a VHF antenna. The R70 hull has been independently rated to a category B, offshore in both for the UK and EU markets. Bembridge Marine recommend 150-225HP outboards to power the R70s.

If you would like to experience the R70, Bembridge Marine have them in its Solent hire RIB fleet. Check <https://www.hireribs.com> for details.

KEY SPECIFICATIONS

Model:	Shearwater R70
Length:	7.4m
Beam:	2.5m
Fuel Capacity:	200L
Persons:	8
Engines:	150-225hp Outboards

FIND OUT MORE:

SHEARWATER R90

Premium Comfort & Performance

The R90 offers the functionality and comfort of a RIB, but enjoys the refinement of a luxury sports boat. Its sleek looks, speed and seaworthiness are second to none. It will glide you and your guests along the coast in comfort and style.

Make the Shearwater R90 your own by customising the hull and tubes, two tone console and the sumptuous Silvertex seating. Shearwater RIBs offer the option of two or four helm seats, and three rear end designs to best match your needs.

Up front is a large V bow cushion with internal storage; it also houses the anchor windlass. The large command console has been designed with huge dash space to house all the electronics and NAV gear you expect on a RIB this capable. The dash has been carefully designed so the engine management is at your fingertips, it also has the option for a discreet toilet. The helm seating has shock dampening suspension. The seat base drops away to form a standing helm, the wrap-around lumbar support adding security from sideways movement.

The generous aft bench seat and sun pad leads down to the bathing area, with easy access to the water by the telescopic ladder. Bembridge Marine recommend having a 300-400hp outboard propelling the R90 to 45-50 kn with ease.

KEY SPECIFICATIONS

Model:	Shearwater R90
Length:	9m
Beam:	2.8m
Fuel Capacity:	200L

RIB HIRE IN THE SOLENT

Cruise The Solent in Style onboard a Shearwater RIB!

Cruise the Solent in one of Bembridge Marine's outstanding Shearwater Ridged Inflatable Boats. Our great cruising area boasts a variety of beach stops, local landmarks, harbours and creeks. Perfect for picnics and full of seaside hospitality to make your day memorable.

Our RIBs can be hired in the Solent area within our permitted cruising area. Our limits are Bembridge lifeboat station to Chichester Harbour. Needles to Hurst Castle. Renters can't go to the south of the Island past these limit lines. Skippers must be 21yrs or over and hold an RYA powerboat level 2 certificate as a minimum. We will accept other certificates such as day skipper as long as the hirer has previous power boating experience.

SHORT OR LONG TERM HIRES

Low hassle handovers, available in many locations throughout the Solent. Maintained and supported by our team at Bembridge Marine on the Isle of Wight.

SASHMA CODED RIB'S

Pick up a spacious, fully fueled, Sashma coded RIB, equipped with full navigation & safety kit, including a life raft. You'll be welcomed with tuition videos & full personal hand over on your first hire of the year.
