### **Are You Running Your School or Is It Running You?**

Funding/Finance | Session 3

Tuesday, March 1<sup>st</sup> | 1:30 PM - 2:30 PM

Standley Ballroom

Description: Gaining a thorough understanding of your charter school's operational system framework is a vital component to successfully running your day-to-day operations. In this session, we will examine six key components to note as well as best practices for applying the framework. You will gain insight into organization, board-up management, the creation of strategic planning and evaluation committee, departmental management, goal setting and more. This will provide a better understanding of how financial, operational, human resource and community engagement components can intersect effectively and efficiently for a well-run charter school.
