INDUSTRY NEWS

OCT – DEC 2024 / VOL. 11

LIMPOPO AND GAUTENG ADVANCE HIGH-SPEED RAIL PROJECT

The governments of Limpopo and Gauteng are making significant strides toward realizing a high-speed rail link between the two provinces. In a meeting held at Euphoria Golf Estate & Hydro on October 9, 2024, Premier Dr. Phophi Ramathuba of Limpopo and Premier Panyaza Lesufi of Gauteng reviewed and approved crucial next steps for the project. This includes the endorsement of an implementation protocol and the initiation of processes to appoint a Joint Project Manager.

This ambitious project is designed to strengthen the economic ties between Limpopo and Gauteng, streamlining travel and boosting regional development. With plans to integrate the high-speed rail link into the Medium-Term Development Plan, the initiative promises shorter travel times and enhanced trade routes, opening up new economic opportunities for both provinces.

INDUSTRY NEWS

OCT – DEC 2024 / VOL. 11

Premier Lesufi emphasized the joint vision for the project, noting that the economies of Gauteng and Limpopo are increasingly interlinked. "Together, we can create a seamless transport network that will benefit our citizens and businesses alike," he said.

In addition to these advances, both provincial governments are engaging national ministries to secure further support and buy-in. A Political Oversight Committee will be appointed to ensure the smooth governance of the project, while consultations with stakeholders, such as traditional leaders and the taxi industry, will ensure it remains people-centered.

Premier Ramathuba highlighted the transformative impact the high-speed rail project will have, including job creation and the development of new urban hubs around rail stations. "This project will not only create jobs but will transform our cities," she remarked.

With strong commitment from both provinces, the Gauteng-Limpopo Rail Link is set to revolutionize inter-provincial connectivity and position the region as a key player in South Africa's economic landscape.
