TOURISM INFRASTRUCTURE INITIATIVES NEAR THE KNP'S SHANGONI GATE

On the 6th of March 2024, the Limpopo province welcomed the presence of Deputy Minister of Tourism, Mr. Fish Mahlalela, who embarked on a crucial visit to assess the progress of infrastructure projects aimed at boosting tourism to the Kruger National Park's (KNP) Shangoni Gate and the surrounding communities.

These infrastructure projects, funded with financial assistance from the Department of Tourism to the South African National Parks (SANParks), were centered around the development of the Shangoni Gate within the Kruger National Park. Their overarching goal was to enhance access to the KNP, with a particular focus on improving connectivity from the northern side. Additionally, the projects aimed to generate business opportunities, foster cultural and heritage exhibitions, and create employment prospects for the local communities.

The Deputy Minister was not alone in his endeavors. He was accompanied by key executives from the Limpopo Department of Economic Development Environment and Tourism (LEDET), the Department of Cooperative Governance and Traditional Affairs (COGTA), the Vhembe District Municipality, and the Collins Chabane Local Municipality. Together, they formed a collaborative force that played a pivotal role in rallying local support for the infrastructure initiatives.
