

# REACH YOUR AUDIENCE

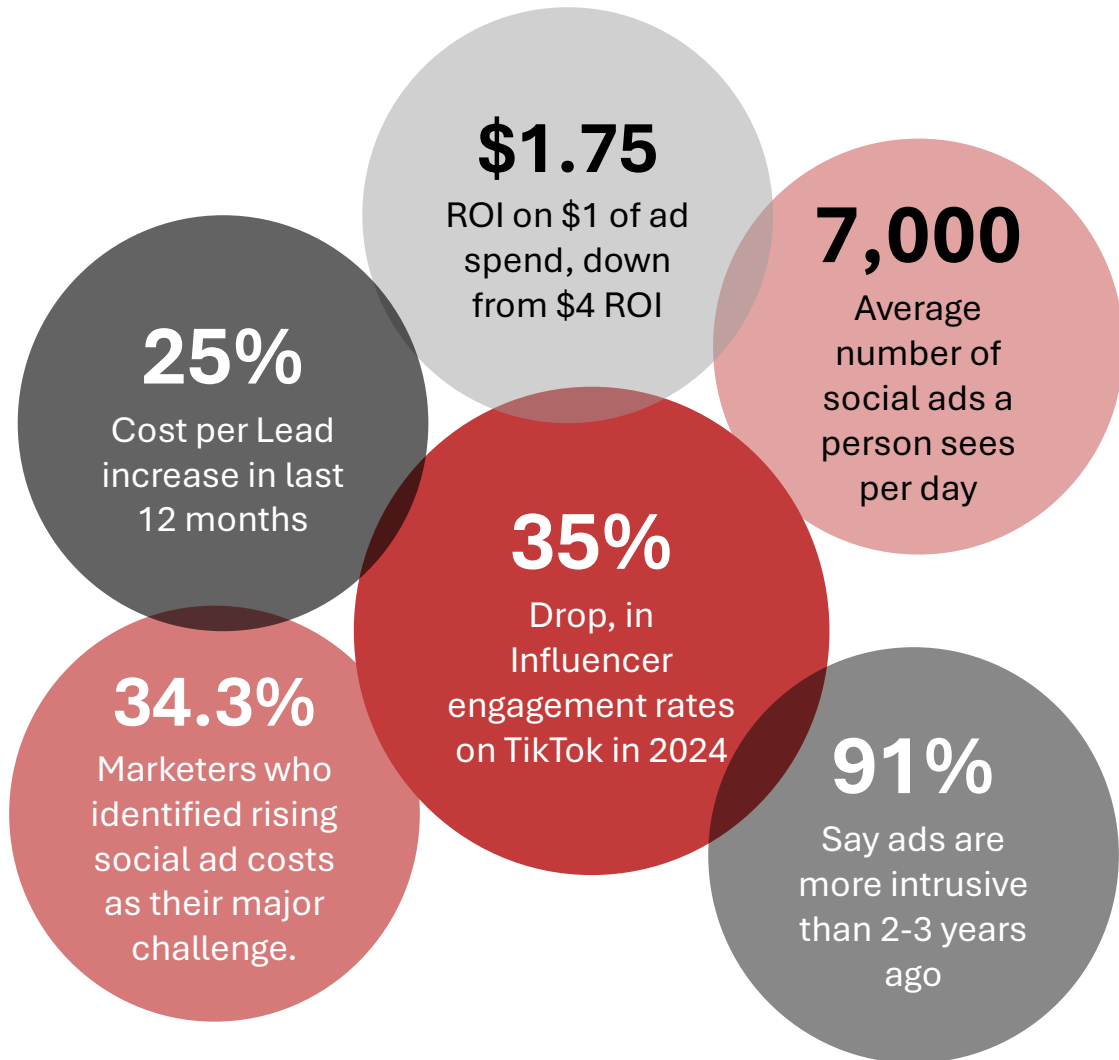

## More than Social Advertising.

The Mobility Awareness Resource Community (MARC) is a growing online hub for individuals living with mobility impairments. Sponsorship offers more than just visibility—it creates a unique opportunity for direct, two-way engagement with a highly focused and motivated community. Share your products and services in a meaningful way that goes beyond traditional social advertising.

## Diminishing ROI with Social Advertising.

A number of factors are reducing the efficacy of social advertising. Reinvest those dollars to *engage* with your target customers.
