

LOGIC OF ASSESSMENT FLOW (L.O.A.F)

Conceptual Framework*

*Conceptual framework presented as a Case Presentation Report (CPR) prior to project initiation. The CPR describes the presenting problem in a narrative format that organizes the input information and provides an explanation of recognized patterns and recommends an approach for achieving the preferred outcome.

EXECUTIVE TRACKING AGENDA (E.T.A.)

The E.T.A is an interactive PDF that facilitates communication & clarification of **Presenting Problem, Preferred Outcome, Aim, Targets, SWOT analysis, Goals, Progress Objectives, & Action Plan.**
