Cleaning Instructions for your Patriot Viewpoint:

Microfiber cloth

Your best friend when it comes to keeping your Patriot View Point clean is a microfiber cloth. Since most headsets are made of a combination of plastic and fabric, in many cases a simple wipe down will clean off the worst of the dust or grime. All you need to do is wipe down your headset, being careful to give special attention to any vents, crevices, or ports. They are where dust is going to hide, but your microfiber cloth ought to pick them up without much of a problem.

Compressed air

Dust and hair can settle into just about any crevice without much help at all. Nobody wants to put their headset on and realize that there is dog hair stuck in the lenses. By keeping a can of compressed air around you can ensure that you never have anything stuck in your headset. All you need to do is point the nozzle of the compressed air about six inches away from the dust and squeeze in short controller burst. This should easily dislodge anything that is stuck, and helps to make sure that you aren't accidentally touching or smearing anything over the lenses of your headset.

Put it away

One of the biggest issues in keeping your headset is avoiding dust and detritus. This is why we suggest storing your headset in a safe place that isn't in your way when you aren't using it. Dust, animal hair, and other detritus can easily settle onto or inside of your headset when it isn't being used. Particularly keeping your headset stored up high on a shelf or inside its case for storage. By keeping your headset put up and away, you can ensure that what dust does built up will happen at a much slower rate.

INTRODUCTION

Congratulations on your purchase of the Patriot ViewPoint. We created this remarkable product by combining advanced state-of-the-art high-quality materials with our custom developed software to produce an unprecedented and unparalleled visual sensory experience. Weighing a little over one pound, your Patriot ViewPoint is lightweight and may be comfortably worn for extended periods of time. We immerse your vision, eliminate external glare, and compound your periphery field of view.

We did not stop there. We raised the bar even further providing you the benefit of hearing print read aloud. This results in reduced eyestrain and provides for quicker comprehension.

You can use your Patriot ViewPoint to see television, theatre, sporting events, museums, cruises, safaris, your family, work on art projects, distance tasks, menus, signs, see sheet music, play an instrument, read computer screens, tablets, smart phones, and more. Imagine the possibilities!

Patriot ViewPoint.....more than meets the eye!

SAFETY WARNING

We designed the Patriot ViewPoint to be used by wearing it while seated or standing still and motionless.

To avoid accidental tripping, or falling, it is imperative to not move while wearing the headset as it encompasses your complete visual field. Do not even attempt to walk while wearing the Patriot ViewPoint headset.

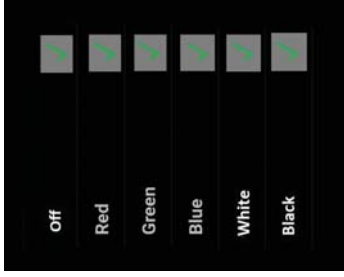

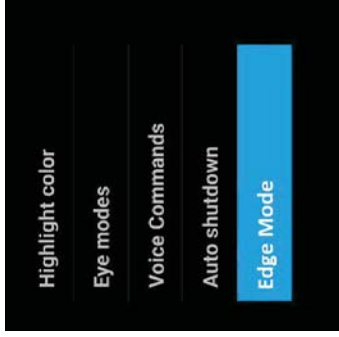

**DO NOT USE AS A
MOBILITY DEVICE**
**DO NOT MOVE, WALK OR
PUT YOURSELF INTO
MOTION**
**DO NOT ATTEMPT TO
DRIVE WHATSOEVER.**

EDGE MODE Sub-Menu

This section of the menu will allow you to add or remove some of the color modes while using the Patriot Viewpoint. The color modes in this menu outline all letters, objects, and people with an outline, providing a possibility of seeing better! There are checkboxes for each Edge Color mode. Select by swiping up or down on the TOUCHPAD and press the READ button to select which Edge Mode colors that you would like enabled or disabled. The top option "Off" will disable all of the Edge Color Modes. The COLORS button will back out of this menu.

USING YOUR PATRIOT VIEWPOINT

Before powering unit on, please take a moment to place the Patriot ViewPoint on your head, over your eyes, pull on the elastic straps and adjust them using the velcro tabs, making sure its comfortably snug on your face and evenly balanced on the top of your head and sides. Note: If you wear corrective eyeglasses, please keep them on and wear the Patriot ViewPoint OVER your corrective eyeglasses. In the unlikely event your eyeglasses are too large to fit into the system, we recommend smaller corrective eyeglasses suitable to fit within the unit.

Power device on by pressing and holding down on the red button on top until it vibrates, then release.

Upon booting up, warning screen

You will arrive on a **WARNING** message (pictured below), it is imperative for your safety and safety of others that you use this device only when seated or standing still. Do not

walk, move, or attempt to drive.

WARNING

The Patriot® ViewPoint is not intended for driving or mobility.

Press any button to continue

While viewing this **WARNING** message, reach above the visor and locate the pupillary distance wheel, adjust it to obtain the optimal clearest view while looking at the screen image. Note: Unit will not require readjustment if you are the only user.

To continue beyond the warning message, click the **COLORS** button on the right side above **CONTROLPAD.**

Color Modes

VOICE COMMANDS Sub-Menu

FOR EXAMPLE, YOU MAY WISH TO ACTIVATE THE VOICE COMMANDS FEATURE. SIMPLY SWIPE TO THE OPTION PREFERRED AND PRESS AND HOLD THE READ BUTTON TILL IT BEEPS. THIS OPTION IS SAVED WHEN EXITING OUT OF THE MENU BY PRESSING THE COLORS BUTTON REPEATEDLY.

IN ORDER TO INVOKE THE FOUR VOICE COMMANDS WHICH ARE LISTED BELOW YOU MUST SPEAK THE WORD "PATRIOT" AND THEN THE COMMAND. PLEASE NOTE: YOU MUST COMPLETE ALL VOICE COMMANDS WITHIN 20 SECONDS. IF NOT, YOU MUST REPEAT THE WAKE-UP WORD "PATRIOT". (If it is easier to remember, then you can always say "Patriot" followed by your desired command every time).

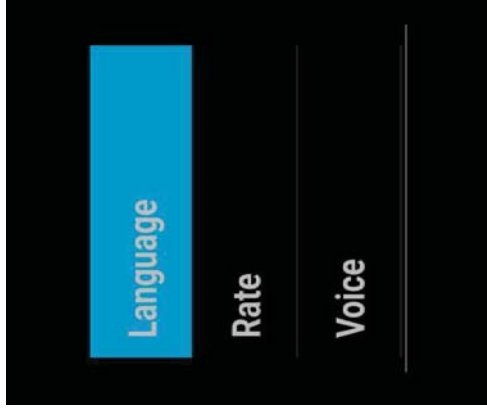

FOUR VOICE COMMANDS (FIRST SPEAK "PATRIOT"), THEN...

- MAKE BIGGER**
- MAKE SMALLER**
- CHANGE COLOR**
- TAKE PICTURE**

*VOICE COMMANDS ONLY AVAILABLE IN ENGLISH.

ADVANCED SETTINGS MENU

Advanced Settings Menu is accessed by pressing and holding down the READ button for a full 15 seconds until a chime rings aloud and the MAIN MENU screen appears, pictured here

Swipe up or down on the CONTROLPAD for choosing which option desired, then select the option desired by pressing the READ button.

LANGUAGE sub-menu

RATE sub-menu

VOICE sub-menu

NOTE: ESCAPE BACKWARD TO A PREVIOUS MENU BY PRESSING THE COLORS BUTTON. REPEATED PRESSING COLORS BUTTON WILL EXIT MENU COMPLETELY. CHANGES MADE ARE AUTOMATICALLY SAVED.

HEADSET CONTROLPAD

Located on the right side of the Patriot ViewPoint are all the necessary controls.

There is a CONTROLPAD that consists of a smooth surface with a dimple in the very center.

When in LIVE MODE, you can swipe forward for increased zoom, swipe rearward for decreased zoom.

Swipe up for increased brightness and swipe down for decreased brightness.

When in READ MODE, you can still swipe forward for increased zoom and rearward for decreased zoom. Swiping up and down, however, changes in READ MODE. Swipe up to skip backward a sentence, swipe down to skip forward a sentence.

Color Modes

You can press the **COLORS** button to change between the various contrasting color combinations as follows:

original (color)

high contrast (color)

black on white, white on black, black on yellow, yellow on black, blue on yellow,

black on green, green on black, yellow on blue, blue on yellow,

grayscale

Note: You may reduce the number of color selection options from 11 to 4. This is simpler than having to cycle through all the less desirable colors.

Do this by going to your favorite "non true color" option and holding down the color mode button for long 7 seconds until you hear an audible chime. This reduces your options to four total as follows:

original (color)

high contrast (color)

the favorite you chose

the reverse of that favorite

USING YOUR PATRIOT VIEWPOINT

To get past the **WARNING** screen, press the **COLORS** button to activate the **LIVE MODE**. You will notice the surroundings appear brighter, clearer, bigger, and closer, and better than ever!

ZOOM

On the right side there is a dimple at the center of the control pad to assist you in determining the center of the control pad. It is not a button. Swipe your finger forward quickly from the rear, it is a "flicking forward" motion to zoom in. "Flicking rearward" zooms out.

Note: This one finger swipe does not require heavy pressure (do not press on control pad), however, it does require fast swipes.

BRIGHTNESS

Swipe up for brightness, swipe down to darken. Remember to swipe fast, a slow swipe will not operate the control pad.

COLORS

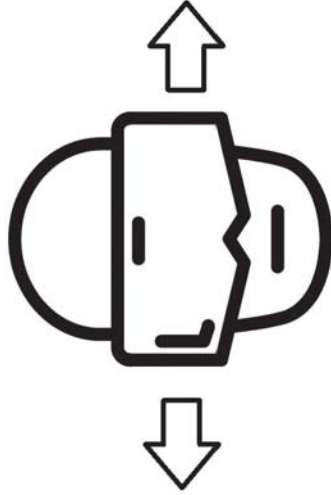

Pressing the **COLORS** button located above the control pad changes colors.

READ

Pressing the **READ** button located to the rear of the **COLORS** button will take a picture of print and read aloud. Press this button again to return to **LIVE MODE**.

AUTO SHUT-DOWN CAN BE SHUT OFF

The Patriot Viewpoint is set to automatically shut down if the unit is turned on and remain still for 15 minutes. This feature is to prevent you from accidentally leaving your unit turned on. If you have this feature turned on, then be sure to move your head at least once every 14 minutes, otherwise you will get a audible beeping sound and the following photo on the screen for one minute, and then the unit will shutdown if you do not move your head.

This feature can be disabled by entering the menu by holding down the READ button for 7 seconds, then navigate with swiping down on the trackpad. Once you highlight "Auto shutdown" then simply press the READ button. Then swipe up or down and press the READ button to select your preference. The COLORS button will navigate backwards in the menu. Keep pressing the COLORS button until you exit the menu.

READ MODE

To read printed text aloud, aim at the text and press the READ button to take a picture of the printed material causing unit to enter READ MODE. Unit begins to read aloud and presents the text onto the screen. In READ MODE, swipe up will read previous sentence, swipe down will read next sentence, swipe rearward will decrease zoom and swiping forward will increase zoom. Pressing COLORS button changes color. Double tapping the center of the trackpad will PAUSE reading and doing this again will RESUME reading. Pressing the READ button again exits you from READ MODE and returns you to the LIVE MODE.

QUICK REFERENCE GUIDE
