

City of Jersey Village – City Hall and the Civic Center

Proposed location area outlined in yellow

Jersey Village Civic Center

Jersey Village City Hall

PROPOSED ORDINANCE

The City Hall and Civic Center for the City of Jersey Village shall be and remain located within the City Limits of Jersey Village and within the following geographical boundaries: West of Senate Avenue; North of US Highway 290; and East of Jones Road.

REASONS FOR THE PETITION

- Citizens want the right to vote on issues regarding large projects that affect their community and their tax dollars.
- City Hall should remain close to where the majority of citizens live.
- City Hall should remain close to the Fire Station and the Police Station.
- To prevent any of the current park and recreations activities (e.g., Holiday in the Village, Farmers Markets, Movies in the Park, etc.) moving across Highway 290.
- Collaborate has never paid the \$8.2mm it promised to purchase the land south of HWY 290.
 - As of Monday May 10th, Collaborate had no set date when the \$8.2mm will be paid. When asked during a City Council meeting how much it would pay to purchase a portion of the land on June 14th, Collaborate refused to provide a dollar amount.
 - During the May 4th public meeting, Collaborate was asked how many letters of intent were secured, and he could not provide any information regarding who has confirmed being a part of the Village Center project.
- In July, City Council is expected to meet and approve a \$10mm contract to construct City Hall in Village Center (south of 290). To prevent this, we have to make our voices heard by petitioning the City.
