

Recruitment and Activity for January 2023:

	CoNECT	RANGER	FIRST
Screened	14	3	8
Consented	5	3	2
Recruited	0	-	2
Screen Failures	5	-	4

Monthly targets:

CoNECT: 5 nerves
RANGER: 3 patients
FIRST; 2 patients

Recruited so far:

CoNECT: 182 patients
211 nerves
RANGER: 151 patients
FIRST: 2 patients

CoNECT Update

An extension to recruitment has been approved allowing us to continue the study until the end of **December 2023**.

We are **29** nerves away from the target recruitment of **240** nerves.

Come and practice your **microsurgery skills** and learn how to operate on a **CoNECT** patient in the **Clinical Skills Lab** on **20th February 5pm – 7pm**.

Book your place by emailing:

HaPPNResearch@uhb.nhs.uk

Welcome to the new and returning Junior Doctors

We hope that you enjoy your time working with the Hands team!

Please keep an eye out for potential **CoNECT** and **FIRST** patients when you are in **Hot Hands** and give out **information sheets** to patients!

We are trialling a new structured way of **acknowledging** the invaluable contribution you all make to our research at QE – please see the attached **flyer** for more details.

Need a reminder about our trials, their patient group and inclusion/exclusion criteria – scan this QR code!

Coming soon!

UNDERStudy

The UNDERStudy grant has officially commenced.

The first **Investigator** training will be held on **14th April 2023** at **Keele ASTC** and is currently open to UHB Consultants.

Electronic Data Capture

Following some amazing efforts by our now departed PhD students, Mirte and Romy, we will be designing and building REDCap to mirror Erasmus' GEMsTracker.

We hope that this project will be ready to pilot at the end of March

Upcoming Conferences

BSSH 19th-21st April
Swansea
Abstract Deadline: Closed

FESSH 10th-13th May
Rimini
Abstract Deadline: Closed

BAPRAS 14th-16th June
Amsterdam
Abstract Deadline: Closed

WRSM 17-19th August
Singapore
Abstract Deadline: 15/03/23

Interested?

Want to:

- Do your GCP training?
- Help with audits/feasibility?
- Know more about the research being done at UHB?

Or:

- Have an idea for a study?
- Heard of a study we should be delivering at UHB?
