Need a Cellular Detox?

Consider NAD+ Therapy

What is NAD+?

NAD+ is a critical coenzyme found in every living cell in your body. Lifestyle habits, aging, and stress can all contribute to lowered NAD+ levels. Ask me today if NAD+ is a good option for your wellness journey!

Ingredients

Amino Blend

Helps relieve stress, builds your muscles and keeps you energized for peak performance!

B5

Important for maintaining healthy skin, eyes and hair. Assists in breaking down fats, carbs & protein!

B6

A versatile vitamin essential to the nervous system that supports brain health and may help regulate mood.

B12

Aids in energy production and red blood cell formation.

B Complex (B1 + B2 + B3 + B5 + B6)

This family of B Vitamins may increase energy and reduce the body's response to stress.

Vitamin C

Helps reduce cellular damage caused by environmental stressors and free radicals.

Glutamine

An amino acid that may help improve muscle recovery and fatigue. Great for gut health as well!

Glutathione

A potent antioxidant that may help the body reduce cellular damage caused by environmental stressors.
Considered "The Mother" of all Antioxidants.

L-Carnitine

Turns your food into fuel, keeping you energized and alert. Great for recovery!

Magnesium Sulfate

A vital mineral that is a cofactor for over 300 enzymes.

Mineral Blend

Magnesium, Zinc, Copper, Manganese

Taurine

Gives you a natural energy boost! Keeps you focused and on point with concentration; as well as performance!

Toradol

A nonsteroidal anti-inflammatory drug (NSAID) that may help relieve mild to persistent discomfort, headaches and migraines.

Zinc

Helps you heal quickly and keeps your immune system strong to avoid sick days. Great for wound/skin healing!

Zofran

Reduces feelings of nausea and may prevent vomiting

IM Shots

\$50

B Complex

This mix of B vitamins may improve energy levels, benefit mood and reduce the body's response to stress.

B12

Aids in energy production and red cell blood formation.

CoQ10

May support cardiovascular health and aid the body in regulating blood sugar.

Vitamin D3

A fat-soluble nutrient that may help the body absorb and retain calcium, thus supporting healthy bones.

Lipo + B12

Lipo and B12 together may improve energy levels and support metabolic health.

Mineral Blend

Magnesium, Zinc, Copper, Manganese
