

Exceptional Art & Design invites you to:

Venice 23-26 September 2026 Art & Culture Programme

Early bird:
£490 per
person

Exceptional Art & Design returns to Venice this year to visit the Art Biennale, alongside the city's rich culture and best kept secrets!

I am bringing you a unique programme for this exploration and hope that you will be able to join me at one of the world's most important art events, complemented by off the beaten track cultural gems discoveries in the city of *La Serenissima*.

The Trip in a Nutshell

Join me in autumnal Venice to experience the world's longest-running art biennial: the **Venice Art Biennale**.

We will visit both the **Arsenale** and **Giardini della Biennale**, exploring the national pavilions alongside the main curated exhibitions., as well as a selection of collateral events.

Along the way, I will provide introductions and highlights at each venue while also offering the option to discover the works independently or visit them together.

During our stay, we will also step into remarkable **Venetian palazzi** to encounter art in historic settings - including **Punta della Dogana** (part of Pinault's contemporary art collection) and **Ca' Pesaro** featuring important masters of modern and contemporary art, including a special presentation of works by **Jenny Saville** during our visit.

We will also visit the magnificent **Bevilacqua brocade** atelier - an absolute highlight last time - and, on Saturday, there will be the option of an additional visit to the **Fortuny Museum**, followed by lunch and a dip into water.

Full programme available on request: cjolanda@icloud.com
