

FINANCIAL LITERACY CURRICULUM
STANDARDS ALIGNMENT DOCUMENT

HIGH SCHOOL (Grades 9–12)

Standards Alignment

Alignment Overview

The Kurrency Kidz High School Financial Literacy Curriculum aligns with high school academic, career-readiness, and civic standards. Students explore credit, debt, investing, risk management, and career pathways while developing quantitative reasoning and informed decision-making skills.

Standards Frameworks Addressed

Common Core State Standards – Mathematics (CCSS)

- **HSN-Q:**
Reason quantitatively with units in financial planning and budgeting.
- **HSF-LE:**
Analyze linear and exponential relationships in credit, interest, and investing.

Common Core State Standards – English Language Arts (CCSS)

- **RI.9–12.8:**
Evaluate financial arguments, contracts, and credit offers.
- **W.9–12.4:**
Produce clear writing explaining financial plans and career decisions.

College, Career, and Civic Life (C3) Framework

- Personal finance and economic decision-making
- Taxes and public services
- Civic and economic responsibility

Career & Technical Education (CTE) / Workforce Readiness

- Career exploration and income planning
- Financial responsibility in employment and entrepreneurship
- Postsecondary readiness

The Kurrency Kidz Financial Literacy Curriculum is aligned with nationally recognized standards frameworks commonly adopted by U.S. states. Specific state standard codes may vary. Curriculum content may be adapted to meet local district and state requirements.

National Standards for Financial Literacy

- Credit and debt management
- Saving and investing
- Risk management and insurance
- Financial planning

Social-Emotional Learning (SEL) Competencies

- Goal-directed behavior
- Stress management related to money
- Ethical and responsible decision-making

Curriculum-to-Standards Connection

Students complete financial simulations, career-income analyses, and long-term planning projects that integrate academic content with real-world financial decision-making and economic mobility.

Implementation Note

This curriculum supports state high school graduation requirements related to financial literacy, mathematics, literacy, and career readiness and may be adapted to meet specific state mandates.
