To Whom It May Concern:

Victoria Pater was a student in my Film/Television class at Middletown HS South. She was an ideal student who exhibits many of the qualities you are looking for in your candidates. She is one of 5 students I have had over my 16 and a half years of teaching who has shown work internationally. Victoria is an active volunteer in the local community, she has exhibited her films in over 50 film festivals and has received multiple awards for her efforts. As an advanced student Victoria has mentored numerous students, answered their questions and given creative and technical feedback as to how they could improve their work.

Whether Victoria was working on a project in class or shooting a group project outside of the classroom environment, I knew I could count on her to represent our program with the utmost professionalism and grace. She has impressed me with her maturity, intellect, and her ability to trouble shoot and solve problems while working on projects.
