

ENVIRONMENTAL POLICY

RKM Grab Hire and Haulage Ltd is aware that the services it offers will cause an impact on the environment. In particular,

- Fossil fuel consumption
- Disposal of waste materials on behalf of customers
 - Noise emissions
- The sale of aggregate materials

RKM Grab Hire and Haulage Ltd recognizes that it has a responsibility to minimize the detrimental impact on the environment wherever possible. Therefore, the company is committed to:

- Continually identify opportunities to improve business operational practices that impact the environment
 - All commercial vehicles to meet Euro 6 standards or better
- Maintain all vehicles to a high standard to ensure that they operate efficiently and optimise fuel consumption
 - Schedule work activities and journey planning to minimize the distance travelled, reducing fuel consumption and pollution
- Complying with all relevant environmental legislation, customer, and other third-party requirements wherever possible
 - Ensure all waste collected on behalf of customers is disposed of at regulated waste tips, proactively using organisations that recycle materials
- Identify and implement training activities for employees to encourage best environmental practices are adopted
- Working with suppliers and customers to reduce the environmental footprint of the company
 - Ensure operating hours and practices recognise the impact of noise pollution to the local community

RKM Grab Hire and Haulage Ltd will continually review this policy and update to reflect new legislation, new technology and opportunities to positively impact the environment.
