

The Wright Commission

Calling all energy innovators.....

The Wright Commission launches for 2019 and culminates at Energy Live Expo on 5th November at the QEII, Westminster.

Application:

The Judges seek innovative ideas, technologies or products that can accelerate the movement to save energy and carbon. Current commercially available innovations are allowed, but the Judges will be looking out for innovations that are not widespread in the UK.

Entries will be scrutinised by the Retail Energy Forum (REF) members. Retailers will vote to create a shortlist of up to five innovations. The shortlist will be invited to present their ideas in front of a live audience and a REF judging panel during [Energy Live Expo](#), on 5th November at the QEII, Westminster.

To apply:

Please describe in 750 words or less:

- The name of your product.
- The innovation.
- What it is.
- What it does.
- The potential impacts and benefits.
- Likely costs and ROI.
- Name of your business.
- Employee size of your company.

Deadline: Friday 30th August, 5pm.
