

Pronouns

Pronouns are how people identify themselves. Make sure you are using a person's preferred pronouns. Don't assume the persons pronouns based off their looks or what you believe is right.

Don't be afraid to ask for a person's pronouns, gender identity and/or preferred name.

You can start that conversation off with introducing yourself and your own pronouns.

Examples of pronouns:

- **She/her**
- **He/him**
- **They/them**
- **She/they**
- **Him/they**
- **Fae/faer**
- **It/its**

Remember, it is a person's human right to be shown respect regarding their identity. Always use the pronouns and name they prefer.
