

REGULAR SESSION

APRIL 2019

HOA BOARD AND CORONAVIRUS

Due to COVID - 19, the Board has chosen to have Regular Session Homeowners' Association Meetings telephonically.

Notices and instructions will be emailed and posted 10 days prior, per Article X of the Bylaws.

To avoid this being a frustrating experience, we encourage all owners that would like to be heard during the Homeowners

Forum to submit your comments using the Communication page on the website.

Please understand due to time restraints some items will be moved to the next scheduled call or assigned to a board member to follow-up on.

The first meeting will be April 18, 2020; we'll do our best to work through the challenges this new process will bring to us all.

Etiquette on Conference Calls Matters

- The lack of visuals on a conference call means that your voice must communicate what your body normally would.
- Be sure your connection is strong.
- Identify yourself whenever you speak.
- Use your mute button
