A bridal trial is recommended 2-3 weeks before the wedding day. This gives both the bride and I a chance to finalize any last details on what your goal is for your wedding day hair. Please bring anything you are wanting in or part of your hair to the trial that day (ie: extension pieces, veil, clips, etc)

Other info

*A non-refundable $30 deposit is required for booking.

*A 5 person minimum for wedding parties is required to book (not including flower girls) or a $655 minimum

*Price does not vary based on style desired. I plan around 30 minutes per person and down styles take the same amount of time!

*Hair must be 100% dry for a style. I do not bring a blow dryer as it takes additional time and adds more heat to the room while you are all getting ready! This also ensures that your curls and style will last as damp hair is impossible to work with.

*Final & accurate head count is due at the time of booking. Please check with all party members. Contracted services cannot be deducted from the proposal, but additional services can be added with appropriate additional timing.
