VILLACREST™ PLANTATION SERIES

STICKING OPTIONS

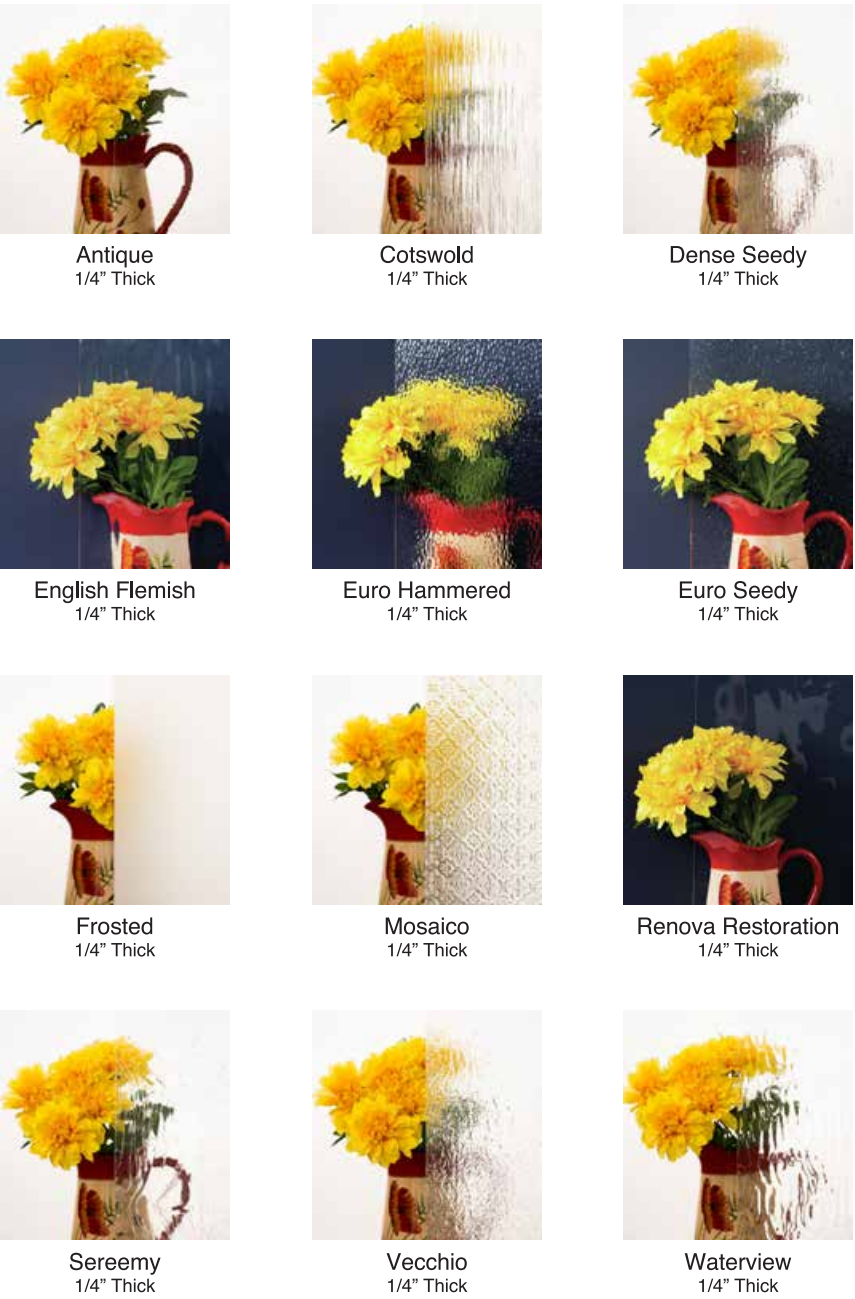

GLASS DOORS

Plantation PN Series glass doors are offered in 24 standard styles and offered as True Divided or Full-Lite

GLASS INSERTS

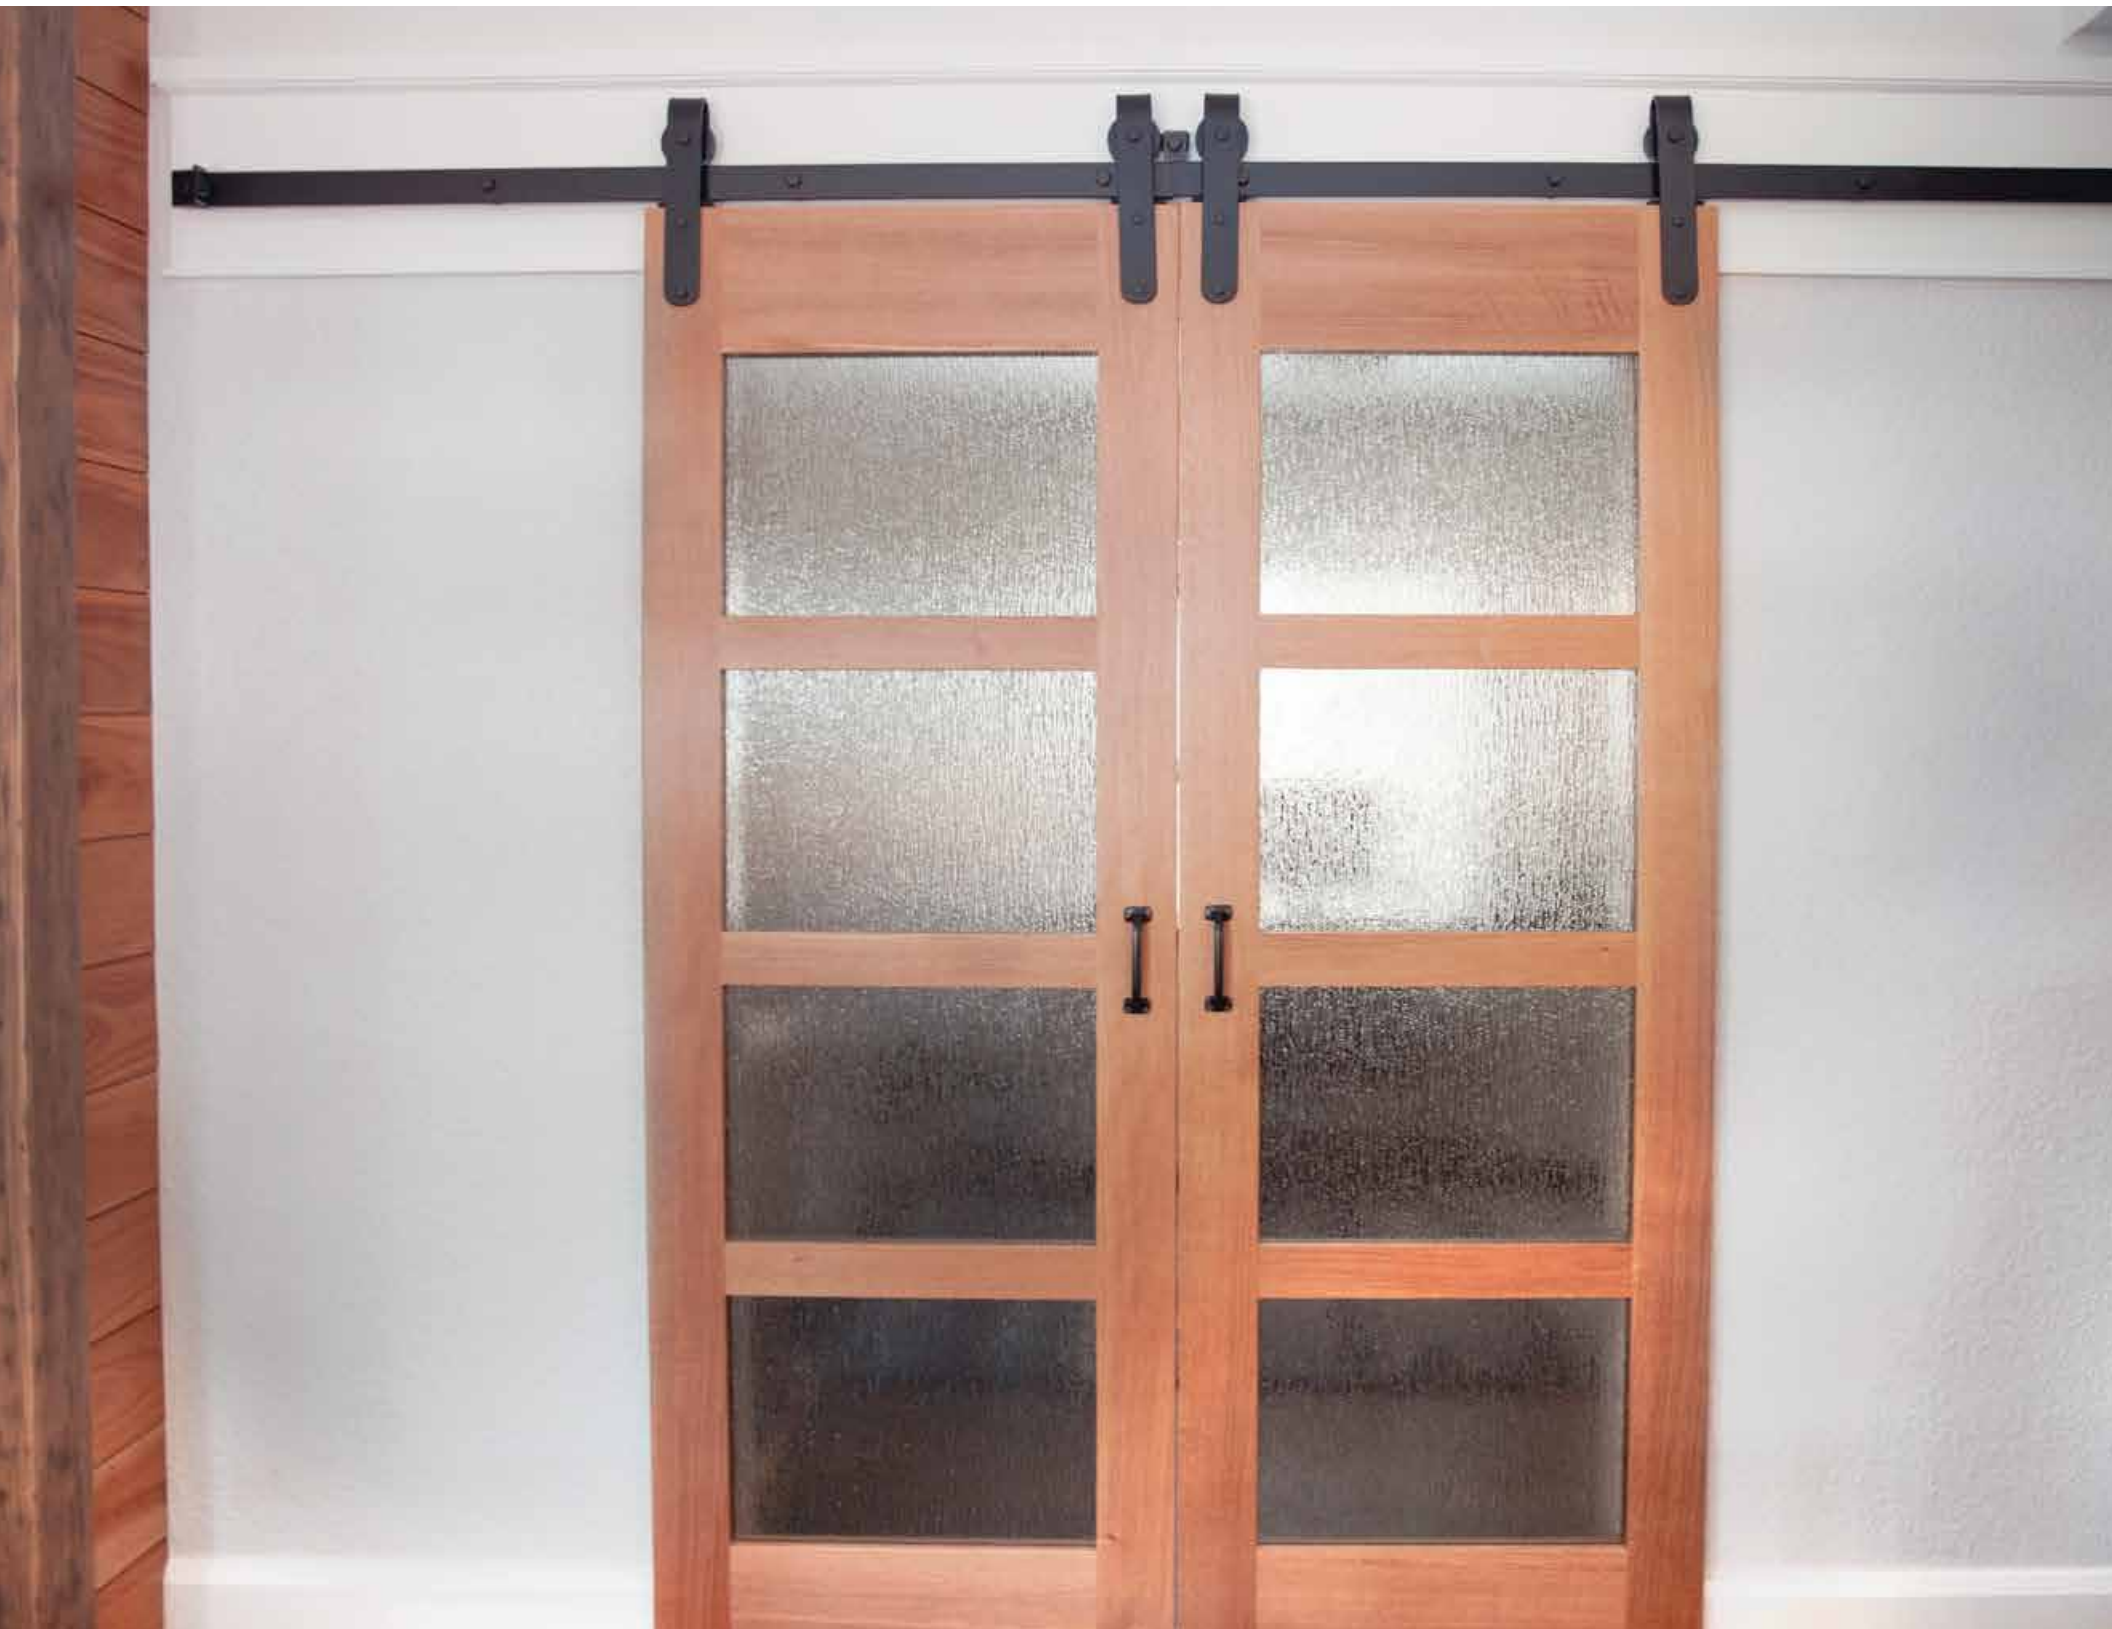

DETAILS

- Glass inserts are either tempered or laminated for safety.
- Consult with your sales representative to verify glass availability.
- Glass may be beveled, frosted or textured with some level of obscurity.

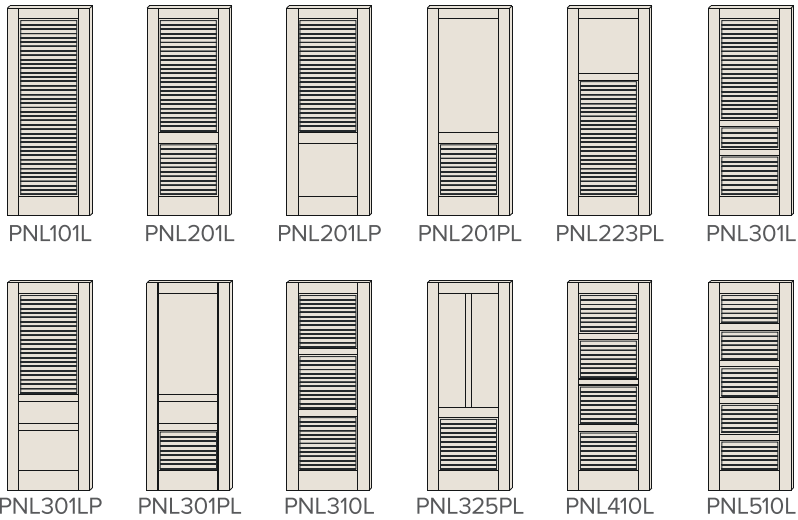

Note: Glass patterns are reproduced with reasonable accuracy for identification purposes. If color or pattern is critical, request an actual sample from your sales representative.

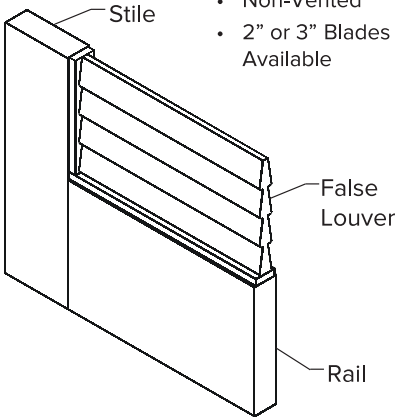

LOUVER DOORS

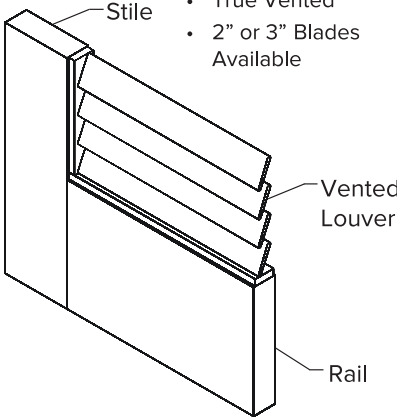

False Louver

- Non-Vented
- 2" or 3" Blades Available

Vented Louver

- True Vented
- 2" or 3" Blades Available

WOOD SPECIES OPTIONS

VillaCrest™ Interior Doors are offered in 13 standard wood species of lumber and veneer in the finest quality hardwoods and softwood available on the market to day. From our economically priced paint grade to our pricier stain grade hardwoods, there is a wood species to fit every budget. If you are looking for another type of wood, practically any other species is available on a custom-quote basis.
