JULY 1ST, 2026

Residents of Unionville

Due to software updates for the new water rate adjustments which go into effect **July 1st, 2026**, there was a billing error in the 2nd quarter, and the bills went out at the new July 1st rate. To correct this, new water bills for the 2nd quarter billings will be mailed within the next week at the prior rate schedule. Please disregard the water bill you just received. We apologize for the inconvenience and appreciate your understanding while we correct the matter.

Thank you for your understanding,

Unionville Borough Council

A handwritten signature in blue ink, appearing to read "Jason Crestani".
