

Mojlek

Drug and medical products search engine,
health portal

Social impact and support to the excluded

The [Mojlek.info](#) application was created for people of all ages. It is a state-of-the-art search engine for reimbursed drugs, free drugs from the 75+ project and medical devices. It is a platform dedicated to health, exchanging information about products, services, events and news. Mojlek.info is a free application.

Are you a doctor, pharmacist or patient? If so, you have come to the right place! The Mojlek.info application, thanks to its simple, functional design, will easily and intuitively provide you with up-to-date data on the amount of drug reimbursement, as well as suggest a cheaper substitute.

Mojlek.info contains the latest information on the 75+ project along with a list of free medicines. If you are interested in reimbursement of medical devices, such as prostheses, orthoses, corsets, hearing aids, catheters, etc., you will find the necessary details here.

ALL YOU NEED IS [MOJLEK](#)

The [Mojlek.info](https://mojlek.info) application works very quickly and intuitively. It is a functional and helpful tool in the daily work of a specialist, as well as essential for the patient.

Enter, for example, the first letter of the name of a reimbursable drug in the box, and the application will immediately suggest its full name, which reduces the search time to a minimum. You can also use voice, an easy and pleasant voice search. Instead of the name of the drug, you can use the ATC code or the active substance. Once you select the right product, all the information about the drug will be displayed to you! How much you will pay, its form, dosage, ATC code. Remember, download the leaflet and read it! Also, reach out to our health articles, where we cover a lot of unconventional issues with top specialists.

Site functionality:

- ▶ Search engine for medicines and reimbursed products
- ▶ List of newly registered drugs (comparison extract of current to previous drug list).
- ▶ Comparison of drugs by parameters (active substance, category, name, price)
- ▶ Drug location
- ▶ Q&A section with V-log
- ▶ Space for advertising
- ▶ News - articles / contests
- ▶ Voiceworks search

Site menu:

- ▶ Search engine
- ▶ Opportunities
- ▶ How it works
- ▶ Your guide
- ▶ About us
- ▶ Cooperation

2 STAGE

- ▶ OTC, supplements and dermocosmetics search engine
- ▶ Quick doctor search
