ABOUT US

Beard Logistics is a **veteran-owned, TSA, GSA CONTRACTOR, DBE-certified** logistics provider specializing in **freight brokerage, cross-docking, and final mile delivery**. With a strong commitment to **safety, efficiency, and customer satisfaction**, we offer tailored logistics solutions to support industries including **construction, energy, manufacturing, and government projects**. Our strategic location and **deep industry expertise** allow us to optimize supply chains while ensuring compliance with industry regulations and safety standards.

We are also a **recent graduate of the Blue Wave API Program**, having completed a comprehensive evaluation of our business practices against **international standards in seven key pillars: HSSE (Health, Safety, Security, Environmental), Cyber Security, Quality, Corporate Policies, Financials, Technical Capabilities, and ESG (Environmental, Social, and Governance)**. Our team attended **development workshops** and successfully performed **self-assessments** in all areas, achieving a **90% compliance factor and documentation upload rate**. This certification reflects our commitment to operational excellence and continuous improvement.

CORE COMPETENCIES

- ✓ **Freight Brokerage** – Nationwide carrier network ensuring **flexible, cost-effective, and timely shipments**.
- ✓ **Cross-Docking** – Streamlined inventory transfer reducing **handling time, storage costs, and delivery delays**.
- ✓ **Final Mile Delivery** – Secure, on-time deliveries for **construction materials, industrial equipment, and critical infrastructure components**.
- ✓ **Heavy Haul & Specialized Freight** – Expert handling of **oversized, high-value, and time-sensitive loads**.
- ✓ **Warehousing & Inventory Management** – Short-term and long-term storage solutions with **real-time tracking and security**.

COST OPTIMIZATION & EFFICIENCY

- ◆ **Route Optimization & Freight Consolidation** – Minimizing transit time and reducing overall transportation costs.
- ◆ **Scalable Logistics Solutions** – Adapting to project demands, reducing idle time, and optimizing load efficiency.
- ◆ **Technology-Driven Logistics** – Advanced tracking and **AI-driven analytics** for real-time freight visibility and operational efficiency.
- ◆ **Regulatory Compliance & Risk Mitigation** – Ensuring adherence to **DOT, FMCSA, and industry safety regulations** to reduce delays and financial risks.

CLIENT BENEFITS

- ✓ **DBE-Certified Partner** – Supporting compliance with diversity procurement requirements for government and corporate contracts.
- ✓ **Proven Safety Record** – Commitment to **zero-accident** logistics operations.
- ✓ **Customized Supply Chain Solutions** – Tailored strategies to **increase operational efficiency** and reduce costs.
- ✓ **24/7 Support & Real-Time Visibility** – Dedicated team providing **live updates and proactive problem-solving**.

PAST & CURRENT PERFORMANCE

Beard Logistics has successfully provided freight brokerage, cross-docking, and final mile logistics for **major infrastructure and energy projects**, demonstrating **expertise in handling critical, high-stakes transportation needs**. Our past and ongoing projects include:

- **Hurricane Milton and Helene** (delivered lifesaving supplies)
- **I-10 Widening Project (Waskey Bridges)**
- **TDW Pipeline Projects**
 - Seminole Red Brenham Station Unit 2 Valve Replacements
 - Line 328 Provident City 30" in Gohlke Compressor Station
 - MP HPIB Blending (Meter Hot Taps) Project
