Welsh Government's Economic Contract

The Welsh Government's Economic Action Plan drives change in policy and delivery to create an economy of inclusive growth that boosts our wealth and wellbeing, and narrows inequalities. The Economic Contract frames a new relationship with business based upon the principle of public investment with a social purpose to help businesses respond to the challenges of the future.

Parts of this Pledge will help businesses demonstrate commitment to two of the pillars of the Economic Contract, which encourage Welsh businesses to improve their skills base and ensure work is fairly rewarded.
