Grandmaster Fighter Kites

Skydog Kites is proud to offer New Old Stock Grandmaster Fighter Kites. There are 2 different styles - FAST for beginners and COMPETITION for experienced fighters. Each kite measures approximately 29" x 24". These fighters feature multi-colored printed mylar sails with a curved top wooden spine and a fiberglass spreader. Packaged in a printed plastic carry bag with handle, they include a crepe paper tail and instruction booklet. Joe Vaughan was the founder of Grandmaster Kites, and we are working with his daughter Rachel to keep Joe's legacy alive and bring the thrill of his Fighter Kites to flyers and festivals around the world!

Learn to Fly Sport Kite

Skydog's Learn to Fly is the best beginner sport kite available! The forward speed has been slowed down and the "oversteer" associated with most smaller kites has been eliminated. A deep sail profile and durable fiberglass frame makes this the best "learn to fly" sport kite on the market. Complete with flight line on handles and a cool carry case.

Why Choose Skydog Kites?

Experience

Skydog's team has over 100 years of experience in the specialty kite market. Our crew has broken kiting world records, been awarded both the kite trade and kite flyer association's top honors, won US Masters Championships, and we have spent thousands of hours on the flying field. Our family has grown up in the kite industry, spending most of our lives in this wonderful and fun business. Our team has circled the globe searching out the best manufacturing techniques, flying at International festivals, and finding the top retailers to sell our products.

The Skydog Trade Show Team

Skydog's team has over 100 years of experience in the kite industry!

Graphic Design Intern Jake Chapman

Skydog works with our local schools to provide student internships

Design

Our kite platforms are all designed by award winning kite flying champions. Master designer Randy Tom creates and test flies all of Skydog's single line kite shapes. Randy has been designing kites for 50 years and his work can be seen in the sky at most festivals. His unique shapes, incredible craftsmanship and ease of flight have won Randy many design awards over the past several years.

Kite Artist and owner of Sky Delight Kites Joel Scholz joins the Skydog team this year as we introduce some of his most incredible creations from the past 40 years!

Voted Best by our Peers

Manufacturer of the Year and Best Kite are just two of the numerous annual kite trade awards Skydog has won

Skydog's dual line sport kite designs have been created by US Masters Sport Kite Champion Dodd Gross. Dodd has over 30 years experience as a sport kite competitor, instructor and designer. Recipient of the Olan Turner Award for the advancement of sport kiting, Dodd has designed a Skydog sport kite for every skill level.

Passion

Skydog Kites family is made up of avid flyers of all types of kites. We attend many events and teach thousands of people how to fly each year. Our design team hand sews our original samples and spends several hours flying to assure each kite is perfectly tuned for ultimate performance. We feel tremendous joy and satisfaction when we see someone experience flight for the first time. We are very fortunate to do what we love for a living!

Skydog Festival Participation

Skydog attends many festivals and events each year.

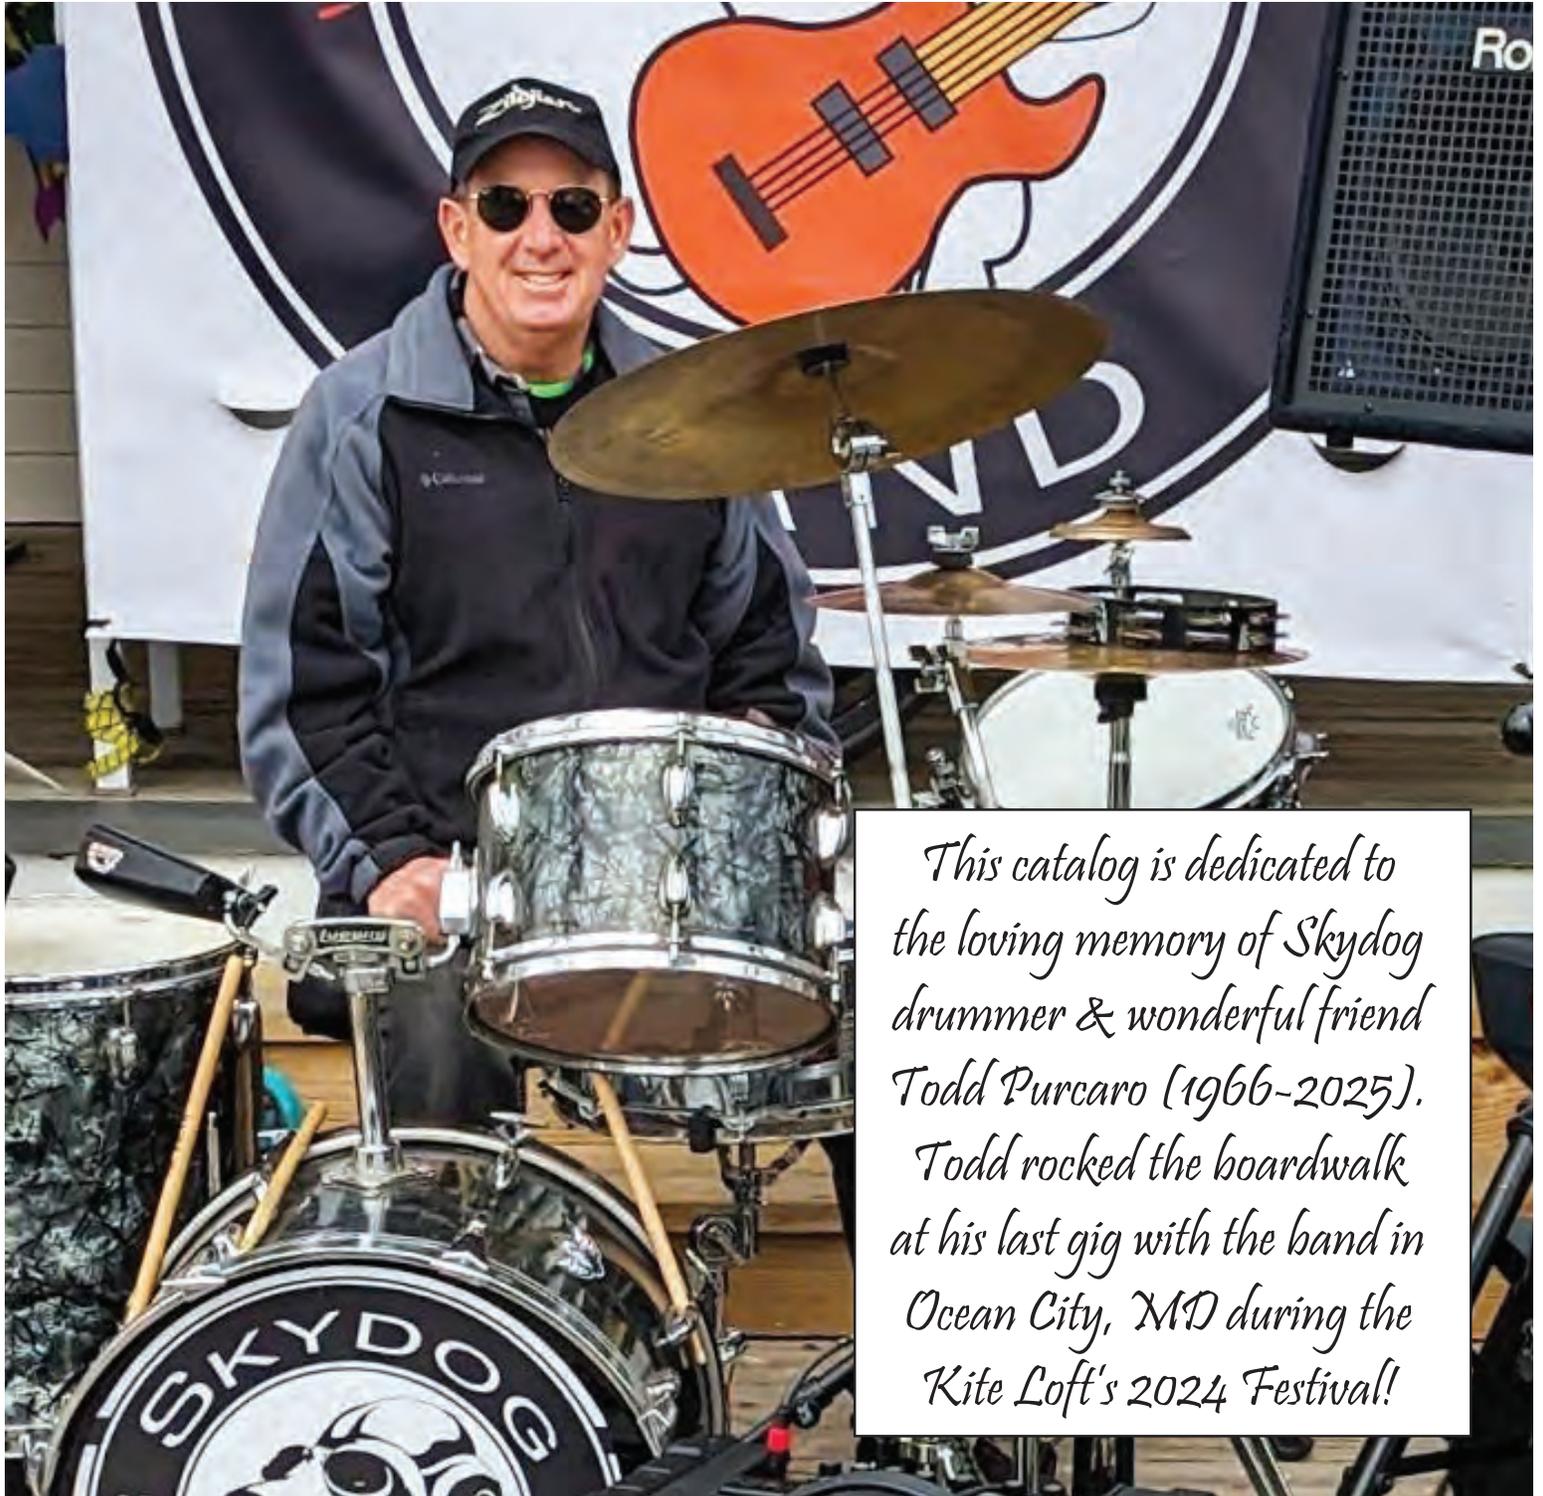

Skydog founder Jim Christianson is credited with several kite and wind powered spinner patents and is a recipient of the David Checkley Award, the kite trade's top award for contribution to the kite industry.

Kites in the Classroom

Skydog works with our local schools to provide kite making workshops.

Skydog Kites LLC
