Aknowledgement i would like thank god as i finally finish my assignment within time.

ACKNOWLEDGEMENT

It is always a pleasure to remind the fine people in the Engineering Workshops for their sincere guidance I received to uphold my practical as well as theoretical skills in engineering.

Firstly I would like to thank Prof. Sanath Ranathunga (Dean/Engineering and Senior Lecturer/Department of Production Engineering) for convincing me the fact "Whatever a man can imagine, that can be achieved", treating me as a son of his own and guiding me to taste the real flavor of engineering.

Secondly I would like to thank Dr. S.D. Pathirana (Director/Engineering Workshops and Senior Lecturer/Department of Production Engineering) for the positive attitude he showed for my work, always allowing me to question him and giving prompt replies for my uncertainties in all the fields including educational, social and managerial to labor work. And I always great him for his aspects of crew resource management who always said, "I may be wrong".

Thirdly I would like to thank Mr. Sarah Perera (Senior Teaching Assistant) and Mr. Mahanama Dharmawardhane (Teaching Assistant) of the Department of Production Engineering for extending their friendship towards me and making a pleasure-training environment in the Engineering Workshops. A paper is not enough for me to express the support and guidance I received from them almost for all the work I did there.

Dr. Devapriya Dewasurendra (Head and Senior Lecturer/Department of Production Engineering) is always reminded for allowing me to work in the machine tools in the Department. Mr. A. Ilamurugan (Senior Teaching Assistant), Miss F. Fasilina Badurdeen (Lecturer) and all the instructors of the Department of Production Engineering are greeted as well for various supports they extended.

The Workshop Engineer Mr. M.M.K. Sirisena, Workshop Superintendents and all other workmen are also greeted. I thank all the NAITA trainees who underwent training with me for the mutual support I received from them.

Mr. S.B. Wijekoon (Senior Lecturer) and Mr. W.M.R.U. Wickramasinghe (Senior Teaching Assistant) of the Industrial Training Unit of the Faculty are very much thanked for allowing me to have my training in Engineering Workshops.

Finally I apologize all other unnamed who helped me in various ways to have a good training.

Knowledge is power and unity is strength.

Acknowledgement first of all, i would like to thank pn. I am cannot express enough thanks to my lecturer mr. Training was first introduced to students is in year of 2014.

ACKNOWLEDGEMENT

We take this opportunity to thank the Industrial Training Co-Ordinator of Mechanical Engineering Department for allowing us to work on such an interesting & informative topic. We are also indebted to our project guide, Mr. Prof. MR. AND DR. SR for his guidance & support. He has been a great help throughout the duration of this project work. We are duly thankful to him for helping us to learn new concepts & providing many research papers which had some research work.

Successes and comprehensive reports can be achieved single handed. It is the same that has led the ship to the coast. So I would like to express my sincere thanks to my mentor MR.K.N.GARIBUSSY KOTIA.

I also grateful to the management of WAGAMAR WORKSHOP KOTA BALI.

WEST CENTRAL MALAYA for providing us an interesting training (10 weeks in 90 days).

We worked as a team and we are always which is a part of our project work. But in the end was their Guidance and my own work which made this project possible. Last but not the least we would like to thank all our mentors & friends for their constructive criticism given to us & give us.

ACKNOWLEDGEMENT

In this past three months, I had undergone my industrial training in S P Kong & Chang located in Kuantan, Pahang, Darul Makmur. The purpose of conducting this study is to fulfill the requirement for the Diploma in Accounting, Kolej Poly-Tech Negeri (KPTN).

Firstly, I would like to thank all the individuals that had been supported and helped me in this past three months. Firstly, I would like to thank my family who had been supporting me all this year. Thank you for all the support that you all gave to me.

Secondly, I would like to thank my employer, S P Kong & Chang, and also my colleagues especially the seniors, Mr. Chua Chee Keong and Mr. Cheong Boon Meng. Without their help, I would not have gone through my practical training smoothly. Under their supervision, I have learned a lot of things and also knowledge.

Thirdly, I would like to thank Miss. Asmaanee Hesari Bt Abd Aziz, who is my supervisor (CPTP) for this past three months while I undergo my practical training. Without her advice, I would not have finished this study. She gave me a lot of surprises on how to conduct this study.

Lastly, I want to thank all my friends. Although they did not help me in preparing my report and study, but without their mental support, I would not have pass my practical training and did this study smoothly.

This report is an outcome of the practical training which I have gone through at

Doordarshan Kendra, Mandi house, Copernicus Marg, New Delhi -110001

Words often fail to express one's feeling towards others, still I express my sincere gratitude to **Shri. RN Rai, Assistant Engineer, DOORDARSHAN KENDRA, Mandi House** for his valuable guidance without which it would have been difficult for me to complete my training. I also express my gratitude to **Sh. Prashant Shingle, Sh. Vinod Gupta, Sh. P.K Mehrotra, Sh. P.Arun, Sh. S.K Dixit and Shri Vinod Kumar** who helped me a lot in understanding the various processes and concepts involved. It was really a great experience working in the DD Kendra and learning from such experienced engineers with hands on experience on the subject.
