

Maintaining the community pool for Holiday Villages is a priority of the Association. Beginning with the 2025 swimming season, HVLOA has installed an access gate on the north end of the clubhouse building that requires a gate card for entry. The new pool gate card is different from the three neighborhood entrance gate cards.

Each property owner will be issued one free card and may purchase a second card for a fee of \$25. Only two active cards will be allowed per property owner.

Pool gate cards will not be issued to Holiday Village Owner Association Members whose account balance is greater than 90-days past due or who have unresolved deed restriction violations over 90 days old. If this application is declined for either reason, the member owner will need to bring their account into good standing before a pool gate card can be issued.

**Reminder of Pool Etiquette:**

- ⇒ Absolutely no glass of any kind is allowed in the pool area. Owners will be invoiced for cleaning up broken glass, including draining and refilling the pool.
- ⇒ Children under 14 are not allowed without adult supervision
- ⇒ No Food is allowed in the pool area, use the picnic tables outside the fence
- ⇒ No running, diving, rough play, or profane language.
- ⇒ No Pets are allowed in the pool area, except for service animals, which are not allowed in the pool
- ⇒ Pool is for use by property owners and their guests only. Guests must be accompanied by the property owners.
