

# IIF GLOBAL EQUITY FUND

Monthly Factsheet | March 2025

The Fund seeks to generate long-term capital growth while providing investors with exposure to Shariah-screened companies across international markets. By allocating to regional and sectoral ETFs that adhere to Shariah investment principles, the strategy combines the pursuit of competitive investment returns with adherence to defined investing standards that are widely regarded as being ethical.

## INVESTMENT GROWTH\*

## 12 MONTH RETURNS\*

Note: In October 2024, the Fund transitioned from a direct equity approach to investing in a select group of Shariah-compatible ETFs that focus on specific regions and/or sectors, maximising performance potential while minimising costs and expenses for the fund.

IIF Global Equity Fund is available for investment through investment and wealth managers, financial advisers and through major investment advisor platforms including AllFunds International, Capital International, International Investment Platform, Moventum, Utmost International

Inception Date: August 2010

## Fund Management

The fund is internally managed, overseen by an internal investment committee, comprising Henry Freeman and Joseph Truelove.

The Investment Committee determines the strategic asset allocation of the fund, with reference to the MSCI ACWI Islamic Index. This forms the basis for the Fund's asset allocation and ETF investments.

## Shariah and Ethical Considerations

The Fund will only invest in Shariah-compatible ETFs, funds and instruments. The Fund employs Islamic Finance Solutions, an external Shariah Adviser, to provide guidance and opinion on compliance with Shariah principles.

Many of the ethical values laid down in Shariah law are not unique to Islamic society and Shariah investment principles are widely accepted as providing an ethical investment framework due to the clear guidelines as to what is permissible and what is not.
